ATTENTION: ALL DEALER PRINCIPALS

Kia America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Safety Recall Campaign regarding the headliner plates on

- All 2009 MY Borrego vehicles manufactured from May 2, 2008 through January 20, 2009 and
- All 2010-2014 MY Borrego vehicles manufactured from October 20, 2009 through May 14, 2013 sold in the U.S. Territories.

Insufficient adhesive may have been applied to secure the headliner plates to the headliner. As a result, under certain circumstances, the headliner plate(s) may detach from the headliner upon deployment of the side curtain airbags thereby increasing the risk of injury to vehicle occupants. If the headliner plate(s) become detached upon deployment of the side curtain airbags, an occupant may be injured.

All owners of the subject vehicles will be notified by first class mail with instructions to bring their vehicles to a Kia dealer. Kia dealers will be instructed to add industrial-grade adhesive tape over the left and right headliner plates to further secure the plates to the headliner.

Your Service Manager was sent a copy of the owner notification letter and a Q&A guide for recall questions both of which describe the issue and information on how to access the list of affected vehicles. Kia will start mailing notices to the affected vehicle owners beginning on **November 30, 2023.**
