**To:** All Winnebago Towable Dealers

**Subject:** **NHTSA SAFETY RECALL 23V-745 & TRANSPORT CANADA # 2023-598**

Winnebago Towables has decided that a defect related to motor vehicle safety exists on certain 2017-2018 Winnebago Micro Minnie model series. These vehicles were manufactured May 11, 2017 through February 26, 2018.

**Issue:** On certain Micro Minnie models, the murphy bed can raise unintentionally if the button strap latch isn't used properly, and weight is added to the head of the bed. A bed that raises unintentionally could lead to a person becoming trapped in the front compartment area, increasing the risk of injury.

**Affected Vehicles:**

**Owner Notification:** Winnebago Towables anticipates notifying owners as soon as the remedy is available, which is anticipated to be mid to late December.

**Owner Precautions:** When using the murphy bed, owners should ensure their button straps are securely snapped prior to adding weight to the bed when its in the down position.

**Dealer Responsibility** Do not deliver any subject trailer until corrective action has been taken. All vehicles subject to this campaign are to be serviced at no charge to the owners regardless of mileage, age of vehicle, or ownership from this time forward.
