Recall Campaign Launch Notification

Vehicle Compliance & Analysis

March 8, 2024

Campaign No.:	NHTSA ID	Campaign Desc.: Replace Front Stationary Roof Par			
2024010012	23V854	^{23P2197658} – Wave 1			
CLA, GLA, S-Class, G	LE Coupe vehicles (20	5, 117, 156, 222, and 292 plat	onary roof panel on <u>1,179</u> Model Year ("MY") 2014 – 2020 C-Class, form). The recall campaign will be visible on the www.NHTSA.gov Ns will be flagged in VMI as "OPEN" on <u>March 8, 2024</u> .		
		Backgrou	ınd		
Issue	Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has determined that on certain MY2014 – 2020 C-Class (205 platform), CLA (117 platform), GLA (156 platform), SC Class (222 platform), and GLE Coupe (292 platform) vehicles with a panoramic sunroof, the stationary roof panel located between the windshield and the panoramic sunroof might not have been bonded correctly during a prior repair. In this case, the bonding adhesion of the front panel to the vehicle body might deteriorate gradually over time and could result in the front panel partially or fully detaching from the vehicle, which could increase the risk of a crash and/or injury for other road users.				
What We're Doing		MBUSA will conduct a voluntary recall. An authorized Mercedes-Benz dealer will inspect and potentially remove the bonded panel and install a new front panel by following the detailed repair instructions and using the approved primer, cleaner and adhesive.			
Parts		The remedy is available and	l can be performed.

Customer Reimbursement

While we regret any inconvenience this may cause, MBUSA is determined to maintain a high level of vehicle quality and customer satisfaction.

Please refer all customer inquiries to the Customer Assistance Center at 1-800-FOR-MERCEDES.

Customer reimbursement is being offered for this campaign.

Recall Campaign Bulletin

Campaign No. 2024010012, March 2024

Recall Campaign Bulletin

Recall Campaign Bulletin

TO: ALL MERCEDES-BENZ CENTERS

SUBJECT: Model C-Class, S-Class, CLA, GLA, GLC, and GLE Coupe

Model Year 2014-2020

Replace Front Stationary Sunroof Panel Wave 1

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has determined that on certain MY2014 – 2020 C-Class (205 platform), CLA (117 platform), GLA (156 platform), S-Class (222 platform), GLC (253 platform), and GLE Coupe (292 platform) vehicles with a panoramic sunroof, the stationary roof panel located between the windshield and the panoramic sunroof might not have been bonded correctly during a prior repair. In this case, the bonding adhesion of the front panel to the vehicle body might deteriorate gradually over time and could result in the front panel partially or fully detaching from the vehicle, which could increase the risk of a crash and/or injury for other road users. An authorized Mercedes-Benz dealer will inspect and potentially remove the bonded panel and install a new front panel by following the detailed repair instructions and using the approved primer, cleaner and adhesive.

The WIS instructions must be closely followed, and the approved adhesive components must be used with the respective panels!

Prior to performing this Campaign:

- VMI must be checked before performing campaigns to verify that the campaign is required on a specific vehicle. Always check for any other open campaigns, and perform accordingly.
- Please review the entire Campaign bulletin and follow the repair procedure exactly as described.

Approximately 1,179 vehicles are affected.

Order No. P-RC- 2024010012

Recall Campaign Bulletin

Replace Front Stationary Sunroof Panel

Models 117, 156, 176, 205, 222, 253, and 292 with code 413 Model 222 with code 398

- i Code 413 corresponds to PANORAMIC SLIDING SUNROOF/PANORAMIC ROOF.

Note: The following allowable labor operation should be used when submitting a warranty claim for this repair:

Warranty Information

Damage Code	Operation Number	Description	Labor Time (hrs.)
77 900 04	12-1975	Check front fixed panel of panoramic roof. (Models 156 and 222)	0.1 h
	12-1976	Replace front fixed panel of panoramic roof (after check) (Model 156)	1.5 h
	12-1976	Replace front fixed panel of panoramic roof (after check) (Models 222.0/1)	1.7 h
	12-1976	Replace front fixed panel of panoramic roof (after check) (Model 222.9)	1.8 h
	12-1977	Replace front fixed panel of panoramic roof. (Models 117)	1.5 h
	12-1977	Replace front fixed panel of panoramic roof. (Models 205 and 253)	1.8 h
	12-1977	Replace front fixed panel of panoramic roof. (Model 292)	1.7 h

i Notes:

- Always check Xentry Operation Time (XOT) for the current OP-Code times. Labor times are subject to change and updates may not be reflected in this document.
- Per Warranty Policy 10.12 It is the dealership's responsibility to ensure that any sublet repairs which they
 commission are performed up to Mercedes-Benz standards and follow all Mercedes-Benz procedures and work
 instructions (including making available all MB products required for the repair). When submitting a warranty claim
 for a sublet repair where the parts are being supplied by the dealer to the third party performing the repair, the
 dealer RO must reflect these parts and the dealer must list them separately on the claim. This not only pertains to
 the panel, but also the MB products required for installation (i.e. Cleaner/Primer/Adhesive). The sublet line should
 only include labor.
- By submitting a claim for reimbursement for work completed by a third party, the dealer agrees to indemnify MBUSA for any issues that may arise from such third party work that was not performed according to the WIS instructions with the required replacement panel, and adhesive, cleaner and primer.
