

UPDATE: Delivery Stop R18 Bagger and Transcontinental (K35) Adaptive Headlight Reflector

Recall 23V-884 has been issued for STOP630009 K35 headlight reflector

BMW is announcing a delivery stop STOP630009 for R18 Bagger and Transcontinental (K35) equipped with Option 0134 Adaptive Headlights and 0219 Deluxe Headlight produced between 04/17/2020 and 12/08/2023.

In rare cases, one or several connecting points of the low beam reflector within the headlight may break. The LED lamp of the low beam will continue to function. A broken connection of the reflector may be noticed through rattling noises or vibration of the low beam. In single cases, the reflector may tilt from its intended position, causing the form and direction of the low beam to change. The functions of high beam and daytime running light / position light are not affected in any way.

Affected vehicles are flagged in AIR (Aftersales Information Research) with campaign code STOP630009. Please note, open campaigns or vehicle stops may not appear in DCS Warranty Vehicle Inquiry or sales systems until 24-72 hours after they are announced, therefore AIR is always the recommended method for determining open campaigns and vehicle stops.

If you have a vehicle in your new/used inventory matching the above description it cannot be retailed until repaired.

Next steps are being determined and a bulletin with technical measures will be published once information is available. The BMW Motorrad Management Leadership Team is working on compensation measures associated to this stop sale and will communicate these soon.

UPDATE: We have been issued the NHTSA Recall number for STOP630009.

NHTSA STATEMENT

Please be reminded that it is a violation of federal law (The Safety Act) for you to sell, lease or deliver any new motorcycle covered by this notification until the recall repair has been performed. This means that dealers may not legally deliver new motorcycles to consumers until they are fixed or use/sell replacement equipment/parts subject to this recall. Note also that substantial civil penalties apply to violations of the Safety Act. Also, you should not sell, lease or deliver any used motorcycles subject to a safety recall until the repair is completed. Please follow any special instructions that we provide to you for the return or disposition of recall parts.
