WHAT IS THE PROBLEM?

On some motorhomes affected by this recall campaign, a defect has been found at the attachment point within the entry door latch supplied to Lippert.

Identify any warning which can precede or occur: A defective entry door latch would not allow entry or exit via the door increasing the risk of injury.

WHAT SHOULD YOU DO?

Please make certain your motorhome is immediately inspected and if required repaired by contacting an **authorized REV Recreation Group servicing dealer**.

For assistance locating an **authorized REV Recreation Group servicing dealer**, please call REV Recreation Group Owner Relations toll-free at: **(800) 322-8216**

WHAT WILL REV RECREATION GROUP DO?

With your continued satisfaction in mind, it is our intention to have these repairs made at your convenience with as little disruption as possible. Effective immediately, REV RV dealers have been supplied with all the information needed to enable them to inspect, test and if needed replace the inside latch assembly.

The repair should take approximately one (1) hour to complete; however, because of service scheduling times, your dealer may need the vehicle for a longer period of time. This service will be performed for you free of charge.

When you deliver your motorhome for repairs, your dealer will complete a **Repair Order**. Upon completion of the repair, please sign the **Repair Order** and fill out the enclosed self-addressed **Vehicle/Owner Information Update Card** and return it to REV Recreation Group.

If you have changed your address or sold the motorhome, please take a moment to provide the name and address of the person or dealership you sold it to on the enclosed **Vehicle/Owner Information Update Card** and return it to REV Recreation Group. This will allow us to update our records and if necessary, notify the new owner using the information you provide.

Alternately, you may scan the QR code at right, or navigate to the following URL to access the Fleetwood RV owners' web page and update any pertinent mailing information:
