Dear Mercedes-Benz Owner:

This notice is being sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain model year 2020–2021 GLE and GLS vehicles. Our records indicate that your vehicle is included in the affected population.

What is the issue?

In certain MY 2020–2021 GLE-Class and GLS-Class vehicles, the air conditioning drain hoses might be incorrectly installed in the vehicle. In this case, condensation water from the air conditioning might enter the passenger compartment. If a significant volume of condensation water enters the driver and passenger side footwells, it is possible that corrosion and/or short circuits to the electrical components installed in this area could occur, which could increase the risk of fire. In addition, the performance of other features of the vehicle could be affected. For example, the automatic emergency call (eCall) might not be available, the vehicle might not be able to be unlocked and/or started; and the engine limp-home mode might be activated during driving. The impact on these features could increase the risk of injury or a crash. Vehicle occupants might observe wet carpets in the front footwells, and fogged windows.

What will your Mercedes-Benz Dealership do?

An authorized Mercedes-Benz dealership will inspect and reinstall the air conditioning drain hoses, if necessary. **This vehicle repair will be provided at no cost to you.** While the minimum repair time can be less than one hour, your dealership can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time. You will not be charged for other service or repairs unless so requested.

Steps to take.

- Find your nearest authorized Mercedes-Benz dealership at [mbusa.com/recall](https://www.mbusa.com/recall) to schedule your recall repair.
- Please mention you are scheduling an appointment for Mercedes-Benz Recall Campaign **2023030014 or 2023030015**.
- You may be asked for your VIN, which for your convenience is located at the top of this letter.

We apologize for any inconvenience this may have caused and look forward to taking care of this important safety recall immediately.

Sincerely,
Mercedes-Benz USA
