**IMPORTANT SAFETY RECALL (Remedy Notice)**

**Specific Porsche 911 and Taycan Vehicles  
Porsche Recall APA4 / NHTSA ID 23V-313**

Dear [REDACTED],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Porsche has decided that a defect, which relates to motor vehicle safety, exists in two specific Porsche 911 vehicles and one specific Taycan vehicle.

**What is the issue?**

Due to a process error on the production line, it is possible that certain welding processes affecting specific parts of your vehicle were not executed to the production specification. This could affect vehicle crash performance in the event of the crash, increasing a risk of injury.

**What will Porsche do?**

To help prevent this issue from occurring, Porsche is conducting a safety recall to inspect your vehicle and perform the required welds if necessary. This repair should take approximately 1 day to complete, however, it may be necessary to make your vehicle available to your dealer for a longer period of time. Your Porsche dealer will arrange for alternate transportation if necessary.

**What should you do?**  
**The remedy needed to complete this recall is now available.**
