

## **IMPORTANT SAFETY RECALL**

**This notice applies to your vehicle(s), see enclosed VIN list.**

**August 2023  
FL978A  
NHTSA #23V-453**

### **Subject: E-Cascadia Braking System**

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Truck North America LLC (DTNA), on behalf of its Freightliner Trucks Division, has decided that certain model year 2023-2024 Freightliner E-Cascadia electric vehicles manufactured February 23, 2022, through June 22, 2023 fail to conform to the Federal Motor Vehicle Safety Standard No. 136, "Electronic stability control systems for heavy vehicles."

On the affected vehicles, the service brake system may incorrectly calculate the vehicle mass, which can impair the electronic stability control system's (ESC) performance. This may lead to a delayed response from the ESC or insufficient braking force when the ESC is activated, increasing the risk of a crash.

A Daimler Truck North America authorized service facility will update the ABS controller with correct parameters. The repair will take approximately one hour and will be **performed free of charge**.

Please contact an authorized Daimler Truck North America dealer to arrange to have the Recall performed.
