**DEALERSHIP INSTRUCTIONS**

Please reference Safety Recall 88A.

# IMPORTANT SAFETY RECALL

## Instrument Panel Cluster Brightness

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2022 and 2023 Model Year (MP) Jeep® Compass] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 571.101 Controls and Displays.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

### WHY DOES MY VEHICLE NEED REPAIRS?

The Body Control Module (BCM) on your vehicle <sup>[1]</sup> may have been built with incorrectly programmed software which may result in an Instrument Panel Cluster (IPC) backlight with no adjustability. **An IPC display that is not visible to the driver may result in the driver's attention being distracted from the driving task while trying to locate a desired display, which can cause a vehicle crash without prior warning.**

Federal Motor Vehicle Safety Standard (FMVSS) 571.101 Controls and displays S5.3.2, Brightness of illumination of controls and indicators, states that controls and indicators "must be adjustable to provide at least two levels of brightness." Vehicles produced with incorrectly programmed BCM software can experience the inability to adjust the brightness on the instrument panel center cluster to provide at least two levels of brightness.

### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle <sup>[2]</sup> free of charge (parts and labor). To do this, your dealer will update the BCM software. The estimated repair time is 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

### WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
