

IMPORTANT SAFETY RECALL

November 2023

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect, which relates to motor vehicle safety, exists in certain 2023 model year Cadillac Escalade and Escalade ESV; Chevrolet Suburban and Tahoe; and GMC Yukon and Yukon XL vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

<p>IMPORTANT</p> <ul style="list-style-type: none"> • Your vehicle is involved in GM recall N232415910. • Schedule an appointment with your GM dealer. • This service will be performed for you at no charge.
--

Why is your vehicle being recalled?

A bolt in the left and/or right rear-suspension outer-camber control arm assembly in these vehicles may not have been properly heat-treated by the supplier. Over time, an improperly heat-treated bolt may weaken and fracture, which can result in misalignment of the rear wheel, increasing the risk of a crash.

What will we do?

Your GM dealer will replace both rear suspension outer control arm bolts. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 35 minutes.

What should you do?

You should contact your GM dealer to arrange a service appointment as soon as possible.

Do you have questions?

If you have any questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.

For the hearing or speech impaired, please contact our Customer Assistance Center using the Telecommunication Relay Service by dialing 711 then providing the appropriate Customer Assistance Center number for your vehicle.
