QR Code

Get access to recall notifications, locate your nearest dealer, and more through this website or Mopar Owner’s Companion App. You will be asked to provide your Vehicle Identification Number (VIN) to protect and verify your identity. The last eight characters of your VIN are provided above.

DEALERSHIP INSTRUCTIONS

Please reference Safety Recall A7A.

IMPORTANT SAFETY RECALL

Seatbelt Buckle

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2022-2024 model year (WS) Wagoneer and Grand Wagoneer] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 571.208 – Occupant Crash Protection.

Federal Motor Vehicle Safety Standard ("FMVSS") No. 571.208 Occupant crash protection. S7.2 Latch mechanism. states that "...each seat belt assembly installed in any vehicle shall have a latch mechanism that complies with the requirements specified in S7.2(a) through (d), [about accessibility and function for release]...". FMVSS No. 571.209 Seat belt assemblies. S4.4 Requirements for assembly performance. ...(b) states "Type 2 seat belt assembly. ... a Type 2 seat belt assembly including webbing, straps, buckles, adjustment and attachment hardware, and retractors shall comply with the following requirements when tested by the procedure specified in S5.3(b): (1) The structural components in the pelvic restraint shall withstand ... 11,120 N." Suspect vehicles may not allow occupants to properly access or fasten the seat belt to the buckle.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The third row seatbelt buckles on your vehicle ^[1] may be inaccessible or damaged. An inaccessible or damaged buckle may leave the occupant unable to fasten the seat belt. **If this warning is not heeded, an unfastened seat belt may increase the risk of injury to occupants during certain types of crashes.**

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will inspect and, if necessary, replace the third-row seat belt buckle. The estimated repair time is one hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

TO SCHEDULE YOUR FREE REPAIR, CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
