## **IMPORTANT SAFETY RECALL**

**NHTSA Recall No. 23V826**

**This notice applies to your vehicle, VIN**

Dear Lamborghini Owner or Lessee,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Automobili Lamborghini S.p.A. has decided that a noncompliance, which relates to motor vehicle safety, exists in certain Model Year 2015 to 2024 Huracan vehicles. Our records indicate that you are the owner of a vehicle in this recall.

### **What is the issue?**

The affected vehicles have a function on the infotainment system which allows the selection of headlight aiming for left hand driving (tourist mode). Additionally, the Adaptive Front-lighting System (AFS) function might have been adjusted outside production specifications for the U.S. market.

Due to a wrong rule implementation in the infotainment software, the headlight functions Tourist Mode and the Adaptive Front-lighting System are available. In this case, the vehicles do not comply with the requirements of FMVSS 108. Incorrectly adjusted headlights may result in reduced visibility (for the driver and other motorists) which could increase the risk of a crash.

For the reasons set forth above, it is therefore necessary to update these vehicles. If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.

### **What Do You Need to Do?**

You can still drive your car, however, please contact your preferred authorized Lamborghini dealer immediately to schedule an appointment to have this important repair performed, free of charge.

You can locate your nearest authorized Lamborghini Dealer at <https://www.lamborghini.com/en-en/ownership/dealer-locator>.

### **What will Lamborghini do?**

Affected vehicles will receive a software update in order to deactivate the headlamp functions Tourist Mode and the Adaptive Front-lighting System (AFS). The operation will take approximately 1 (one) hour. We apologize for any inconvenience this recall may cause.
