Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG, the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain model year 2014–2020 C-Class, CLA, GLA, GLC, GLE Coupe, and S-Class vehicles. **Our records indicate that your vehicle is included in the affected population.**

What is the issue?

The stationary front panel located between the windshield and the panoramic sunroof might not have been bonded correctly to the vehicle during a prior replacement. As a consequence, the adhesion of the front panel to the vehicle body might deteriorate over time, which could cause the front panel to partially or fully detach from the vehicle, which could increase the risk of a crash and/or injury for other road users.

What will your Mercedes-Benz Dealer do?

An authorized Mercedes-Benz dealer will inspect and potentially remove the bonded front panel and install a new front panel by following the detailed repair instructions and using the approved primer, cleaner and adhesive. **This vehicle repair will be provided at no cost to you.** While the repair time can be less than **1 day**, your dealer can provide you with a better estimate of the overall time for this visit. As a matter of normal service process, the authorized Mercedes-Benz dealer will also check for other repair measures that might be applicable to your vehicle, which may increase the required working time. You will not be charged for other services or repairs unless so requested.

Steps to take.

- Find your nearest authorized Mercedes-Benz dealer at www.mbusa.com/recall to schedule your recall repair.
- Please mention you are scheduling an appointment for Mercedes-Benz recall **2024010012**.
- You may be asked for your VIN, which for your convenience is located at the top of this letter.
