NHTSA SAFETY RECALL NUMBER - 23V-857

This notice applies to your motor vehicle equipment,

VIN _ _ _

DATE: February 8, 2024

Subject: Recall for Inspection and/or Replacement of Dexter Goodride ST200 ST235/80R16 LRE Tires

Dear PJ Trailers Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

PJ Trailers Manufacturing, Inc., (“PJ Trailers”), has decided that certain 2024 PJ Trailers Models fail to conform to Federal Motor Vehicle Safety Standard number 119, “New Pneumatic Tires-other than passenger cars.” It has been determined that certain Goodride ST 200 tires, size ST235/80R16 LRE, Tire Identification Number (TIN) 1JU MR 2A2T, manufactured between week 1623 and 2523 and supplied by Dexter, have the potential for a loss of tire pressure resulting in loss of mobility of a trailer-in-tow, which increases the risk of a crash.

Your trailer has been identified as one that is included in this recall. You are advised **not to use the trailer under load and to immediately contact PJ Trailers Manufacturing, Inc., or one of its local authorized PJ Trailers dealers to schedule an inspection and/or replacement of your tires, (only performed if the inspection fails).** Please contact **PJ Trailers Warranty Team by phone at (903) 785-6879 Opt.4, or by email recall@pjtrailers.com immediately** to schedule the inspection.

The noncompliance issue will be remedied by your authorized PJ Trailers dealer or representative by inspecting the trailer to determine if it has one or more of the affected tires. If the inspection fails (i.e., found to be one of non-compliant tires), the dealer will replace them. The inspection will take approximately 30 minutes to perform and if the inspection fails, the tires will be replaced, which will take an additional 15 minutes, per tire, to complete. However, additional time may be required depending on how dealer appointments are scheduled and processed. To make the appointment to schedule the necessary inspection and potential tire replacement, **at no charge to you,** please do the following:
