

## **IMPORTANT SAFETY RECALL**

**This notice applies to your vehicle(s), see enclosed VIN list.**

**April 2024  
FL991 AB  
NHTSA #23V-895**

### **Subject: Business Class M2 Shift Control**

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Truck North America LLC (DTNA), on behalf of its Freightliner Trucks Division, has decided that a defect, which relates to motor vehicle safety, exists in certain Model Year 2024 Freightliner Business Class M2 vehicles manufactured April 3, 2023, through October 12, 2023.

On affected vehicles, the transmission does not contain a park pawl but may have been built with an incorrect transmission shifter that contains a park position (PRNDL). When shifted into the park position, the vehicle remains in neutral and, if the parking brake is not set, the vehicle may rollaway, which can increase the risk of a crash.

A Daimler Truck North America authorized service facility will inspect, and replace the transmission shift lever, as necessary. The Recall will take approximately one hour and will be **performed free of charge**.

Please contact an authorized Daimler Truck North America dealer to arrange to have the Recall performed and to ensure that parts are available at the dealership. To locate an authorized dealer, search online at <https://northamerica.daimlertruck.com/contact-us>. Scroll down to "Locate a Dealer" and select the appropriate brand.
