Reference Bulletins: QB R10216

Polestar Automotive USA on behalf of Polestar Performance AB, have decided to launch Recall R10216 on certain model year 2020 - 2021 Polestar 1 vehicles.

Polestar investigations have shown a potential issue with the high-voltage battery in a limited number of PHEV vehicles due to a manufacturing defect, potentially leading to overheating of the battery cells when the battery is fully charged.

There is a potential risk of a fire when the battery is fully charged.

To remedy concerned vehicles, Polestar will replace all defective hardware. If a software update (R10202) to lower the battery capacity previously has been carried out, the electric driving range will be restored after the hardware replacement.

The following part numbers apply:

Part Number	Description	Qty
36003341	Cell Module Exchange	18
8672278	Gasket	1
985868	Flange Lock Nut	2
30670577	Sems Screw	2
998157	Cable Tie	1
32202623	Gasket	1

Parts Bulletin 31-R10216

Part Number	Description	Qty
32202628	Gasket	1
32202627	Gasket	1
31673969	Gasket	1
985899	Flange Lock Nut	8
985865	Flange Lock Nut	5
985866	Flange Lock Nut	12
31407048	Plug	2
999354	Flange Lock Nut	93
31308539	Sealing	6
32137209	Total Upgrade PS1	1
32397661	SoC 80% to SoC 100%	1
