Plattsburgh, NY, USA 12901

February 16th, 2024

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Nova Bus (US) Inc. has decided that certain Nova Bus models LFS and model years 2012 to 2019 manufactured from September 14, 2012, to July 16, 2019, equipped with a configuration combinations of certain perimeter seating seats, certain emergency windows and certain chime cord installations fail to conform to Federal Motor Vehicle Safety Standard No. 217; Bus emergency exits and window retention and release.

The emergency exit window release and label may have been installed in the incorrect location. In addition, the emergency exit window opening may be insufficient. In an emergency, the incorrect placement of the window exits release and label instructions, or the insufficient window opening may prevent or delay the use of the emergency exit, increasing the risk of injury. Nova Bus will either remove the emergency exit window feature, and/or relocate the release mechanism, label, and chime cord stop-request system, as necessary, free of charge.

The service document CR5415 explaining the measures to be taken to remedy the affected vehicles will be published on its web site <https://us.novabus.com/customer-portal/>. The vehicle can be remedied starting from June 23rd 2023. The remedy should take approximately 20 minutes to complete. The necessary replacement parts will be available via the Nova Bus Parts distribution network. Nova Bus (US) Inc. will assume the parts and labour costs of the repair according to the warranty claim policies in effect. Federal law requires that you forward a copy of this safety recall notice to the lessee within 10 days.

You may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of a problem associated with this Safety-Related Defect. Please submit copies of all documentation supporting your claim according to the requirements specified in the "General Plan for Reimbursement of Pre-notification Remedies" provided in this notification in Appendix B.
