CONTACT YOUR AUTHORIZED POLARIS DEALER TO SCHEDULE AN APPOINTMENT TO HAVE THE REPAIRS PERFORMED!

First Name Last Name,

Our records currently indicate you have not had recall T-23-03 completed on your affected vehicle.

Polaris has determined that on Model Year 2020-2023 Slingshot vehicles updated with Ride Command software SLS7AB. M32304A (released April 2023), after shifting out of reverse, the rear camera image may freeze and the rear camera image may not be displayed if shifted to reverse again. A rear camera with a deactivated image can reduce the driver's rear visibility, increasing the risk of a crash and risk of serious injury.

If you need assistance contacting or locating a Polaris dealer, visit <https://slingshot.polaris.com/en-us/dealer-locator/>.

THIS WORK WILL BE PERFORMED BY YOUR DEALER AT NO COST TO YOU!
