Indian Motorcycle Recall I-23-07

NHTSA Recall 23V829

Communication Date: 10/15/2024

Text Message Communication:

Reminder: Indian Motorcycle voluntarily recalled some 23 & 24 Heavyweight motorcycles for crash and serious injury risk as the crankshaft position sensor may be improperly routed and fail. Our records show you may have one. Go to <https://bit.ly/4f210h2>. Questions? Call 877-204-3697.
