Good afternoon!

According to our records, your recreational vehicle is affected by one or more safety recalls. It is imperative that you contact your nearest dealer to make an appointment to have the recall remedy performed. Please mention the VIN of your vehicle which is listed at the top of this email for your convenience.

Your safety is of the utmost concern to us. You may have already received a letter from us notifying you of the recall(s) that affect your vehicle. We are following up by email in order to remind you that the recall remedy has not been performed.

If you have any questions regarding this recall, you should contact Customer Service at 800-283-8267. You can also send an email to service@jayco.com.

If you need assistance locating your nearest dealer, please point your web browser to one of the following links:
