

IMPORTANT SAFETY RECALL
PROGRAMA DE SEGURIDAD IMPORTANTE

- Your MY 2014 Nissan Rogue vehicle is subject to a new Safety Recall.
- **If your vehicle is subject to this campaign, you should avoid attaching accessories to the key fob and use the key in the non-folding orientation as shown below.**
- Owners with a key that will not remain in the extended 'open' position should contact their local authorized Nissan dealer for FREE diagnosis.

Interim OWNER NOTIFICATION
NOTIFICACIÓN PROVISIONAL AL PROPIETARIO

NHTSA Recall 23V-093

Dear Nissan Rogue Owner:

This interim notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect which relates to motor vehicle safety exists in certain 2014 Model Year Nissan Rogue vehicles. Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the inside of this notice.

Reason for Recall
Motivo del Retiro

Certain 2014-2020 Rogue and 2017-2022 Rogue Sport vehicles are equipped with a jackknife key that may not hold the key blade in the extended "open" position. Over time the internal pivot of the jackknife key may weaken, and the key could unlock and rotate downwards. If the vehicle is driven with the key in the collapsed position, contact with the key fob by the driver could inadvertently turn the vehicle off while driving, increasing the risk of a crash. Additionally, if the vehicle shuts off while driving, the airbags may not deploy in a crash where airbag deployment is warranted.

What Nissan Will Do
Qué Hará Nissan

Nissan is currently developing a final remedy plan for this issue. Once the final remedy is available, you will receive a second notification letter instructing you to bring your vehicle and key fobs to an authorized Nissan dealer to have the final remedy work completed at no cost.

What You Should Do
Qué Debes Hacer

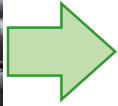

If you have a key that will not remain in the extended 'open' position you should contact your local authorized Nissan dealer for diagnosis. If inspection deems remedy is needed, a limited number of parts or alternative transportation may be available. Until a final remedy is

available, you should avoid attaching accessories to the key fob and use the key in the non-folding orientation. See illustration below for reference.

Si tiene una llave que no permanece en la posición "abierta" extendida, debe comunicarse con su distribuidor local autorizado de Nissan para obtener un diagnóstico. Si la inspección considera que se necesita una solución, puede haber disponible un número limitado de piezas o transporte alternativo. Hasta que haya un remedio final disponible, **debe evitar colocar accesorios en el llavero y usar la llave en la orientación no plegable.** Vea la ilustración a continuación como referencia

Correct Orientation - Buttons facing upwards

Key inserted but not turned

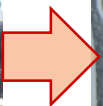

Key turned to the 'Start' position

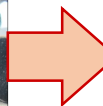

Incorrect Orientation - Nissan emblem facing upwards

Key inserted but not turned

Key turned to the 'Start' position

Key blade unlocked

Por favor, póngase en contacto con su concesionario Nissan para concertar una cita para reparar su vehículo lo antes posible. Se requiere que traigas esta notificación el día de tu cita.
