IMPORTANT SAFETY RECALL

INTERIM NOTICE

This notice applies to your vehicle, VIN XXXXXXXXXXXXXXXXXXXX

NHTSA Recall No. 23V-233
Rivian Recall No. FSAM-1216

Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Rivian Automotive, LLC has decided that certain model year 2022–2023 Rivian R1S vehicles fail to conform with Federal Motor Vehicle Safety Standard No. 108 “Lamps, Reflective Devices, and Associated Equipment.” Our records show that you are the owner of a vehicle affected by this action.

What is the problem?

The affected vehicles were built with backup lamps that do not comply with regulatory visibility requirements. When the vehicle is in reverse, the back-up lamps will illuminate. However, the optical center may not be visible from the specified planes. This noncompliance may affect visibility and potentially increase the risk of a crash.

What will Rivian do?

Rivian is working as quickly as possible to prepare the remedy plan to address the backup lamps that do not meet regulatory visibility requirements. We will send you another letter once repairs can begin. The recall service will be available at no cost to you.

What should you do?

You will be notified when the remedy becomes available. At that time, you will be able to schedule this repair with your Rivian Service Center. Information about this recall and the status of the remedy plan is listed on our website. <https://rivian.com/support/article/recall-information>
