# IMPORTANT SAFETY RECALL

## Park Engagement

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that a defect, which relates to motor vehicle safety, exists in certain [2019 - 2020 Model Year (VF) Ram ProMaster] vehicles equipped with the 62TE transmission.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

#### WHY DOES MY VEHICLE NEED REPAIRS?

The transmission on your vehicle <sup>[1]</sup> may not allow the park pawl to fully engage the park gear due to debris interference. **A partially engaged park pawl may lead to a vehicle roll away increasing the likelihood of a vehicle crash without prior warning and/or injury to those in or around the vehicle.**

#### HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle <sup>[2]</sup> free of charge (parts and labor) when parts become available. Currently, there is an **interim repair** available that, when performed, will reduce the chance the transmission failure will occur. To do this, your dealer will update the Powertrain Control Module calibration software. Once internal transmission components become available for this campaign, **a follow up appointment will need to be scheduled** to replace components within the transmission, or inspect, and if necessary, replace the transmission. The estimated repair time for this interim repair is 20 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,  
CALL YOUR BUSINESSLINK DEALER TODAY**

If you have already experienced this specific condition and have paid to have it repaired, you may visit [www.fcarecallreimbursement.com](http://www.fcarecallreimbursement.com) to submit your reimbursement request online. <sup>[3]</sup> Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
