IMPORTANT SAFETY RECALL

NHTSA Recall Number: 23V634

This notice applies to your vehicle: **Insert VIN**

INTERIM NOTICE

November 10, 2023

Dear Kia Stinger Vehicle Owner:

Kia has identified a defect in your vehicle which relates to motor vehicle safety.

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that a defect which relates to motor vehicle safety exists in 2018-2021 MY Stinger vehicles equipped with a 2.0L Turbo Gasoline Direct Injection (T-GDI) engine. The defect can result in a loss of drive power in your vehicle. A loss of drive power increases the risk of a crash. Our records indicate that you own or lease one of the affected vehicles.

This is only an interim notice as we work on a remedy. The purpose of this notice is to keep you informed of Kia's recall implementation plan. **We will send you another letter when the remedy is available** so that you can schedule a dealer appointment to have the recall repair performed free of charge at no cost to you. **IN THE MEANTIME, PLEASE SEE THE "WHAT SHOULD YOU DO IN THE INTERIM" SECTION BELOW**

What Is The Problem?

The fuel control valve plunger may stick inside the high-pressure fuel pump, causing over-pressurization and loss of drive power. A loss of drive power can increase the risk of a crash.

When The Remedy Is Available, Kia Will Inspect, And If Necessary, Replace The High-Pressure Fuel Pump and Update The ECU Software Free of Charge At No Cost To You.

When the remedy is available, Kia dealers will inspect the high-pressure fuel pump, and if necessary, replace it with a new one. Dealers will also update the Engine Control Unit ("ECU") software logic. This recall will be performed **free of charge at no cost to you.**

What Should You Do In The Interim?

- **WARNING:** You may experience the illumination of Check Engine Light . If this occurs, pull over to a safe location and contact Kia Roadside Assistance at 1-800-333-4542 or online at kia.rsahelp.com to request to have your vehicle towed to the nearest authorized Kia dealership as soon as possible.
- To find your nearest dealer, visit www.kia.com and click the "Find Dealer" button in the upper right corner ("Dealers" on a mobile device). You can also use the QR code below with your mobile device to access this information (*see the bottom of this letter for more information about QR code use*).

Have You Changed Your Address Or Sold Your Kia?

If you have changed your home address, sold your Kia vehicle, or no longer own your vehicle, please complete the attached prepaid "Change of Address/Ownership" card and mail it to us. You can also contact the Kia Customer Care Center phone number listed below.

What If You Are A Vehicle Lessor?

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What If You Have Other Questions?

If your dealer does not respond to your service request in a timely manner, we suggest that you call Kia's Customer Care Center at 1-800-333-4542. This number has TTY capability. If your dealer fails or is unable to remedy this defect without charge and within a reasonable amount of time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, DC 20590; or call the toll free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

This action has been taken in the interest of your safety, and we regret any inconvenience this situation may cause you.

Sincerely,

Customer Care Department

QR Code Use:

- *A QR Code is a square, 2-dimensional barcode that can be read by mobile devices loaded with an appropriate barcode or **QR Code Reader App**. The app reads the barcode image and then launches/uploads the specific information the code contains, such as URLs, text, photos, videos.*
- *With a mobile device, **download a QR Code Reader App**. With many devices, you can do this through an app store or marketplace.*
- ***Open the QR Code Reader App on your mobile device. The app will utilize your device's camera. Center the code in the camera viewing area. With some apps, the URL or other information will automatically load when the code is recognized. For others, you may have to snap or take a picture of the QR code. Refer to the QR Reader Code App instructions.***
