Dear <FirstName LastName,>

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Hyundai has decided that a defect, which relates to motor vehicle safety, exists in **certain 2012 – 2015 model year Accent, certain 2012 – 2015 model year Azera, certain 2011 – 2015 model year Elantra, certain 2013 – 2014 model year Elantra Coupe, certain 2014 – 2015 model year Equus, certain 2011 – 2015 model year Genesis Coupe, certain 2013 – 2015 model year Santa Fe, certain 2013 model year Santa Fe Sport, certain 2010 – 2013 model year Tucson, certain 2015 model year Tucson Fuel Cell, certain 2011 – 2015 model year Sonata Hybrid, certain 2012 – 2015 model year Veloster and certain 2010 – 2012 model year Veracruz vehicles.** Hyundai is initiating Safety Recall 251 to repair a condition involving the **Anti-Lock Brake System (“ABS”)** on these vehicles in the U.S. Our records indicate that your vehicle is affected by this recall.

The purpose of this letter is to explain what the recall is about and to keep you informed of Hyundai’s recall implementation plan. We are currently preparing to implement the safety recall remedy which when available, will be performed at no cost to you. We will send you another notification when the remedy is available.

What is the problem?

The subject vehicles are equipped with Anti-Lock Brake System (“ABS”) modules that could leak brake fluid internally and cause an electrical short over time. An electrical short could result in significant overcurrent in the ABS module, increasing the risk of an engine compartment fire while parked or driving.

What should you do in the interim?

Owners are advised to park their vehicles outside and away from structures until the recall remedy is completed.

We appreciate your patience. Hyundai is currently preparing to implement the recall remedy to replace the ABS fuse. You will receive a second notification letter when the remedy is available. In the interim, if you experience a malfunction with the ABS module, such as illumination of the malfunction indicator lamp and/or ABS light, you should seek service at your Hyundai dealer as soon as possible. If you have further questions regarding this recall or notice, you can reach out to Hyundai Motor America by calling **1-855-371-9460**. For updated information regarding this recall, please visit:

No longer own this vehicle?

You received this notification because U.S. federal regulations require automotive manufacturers to notify last known owners of recalled vehicles based on current owner records. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.
