IMPORTANT SAFETY RECALL

This notice applies to your vehicle, see enclosed VIN list

**February 2024
FL991-AB
Interim Recall Notice
NHTSA #23V-895**

Subject: Business Class M2 Shift Control

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Daimler Truck North America LLC (DTNA), on behalf of its Freightliner Truck Division, has decided that a defect which relates to motor vehicle safety exists on specific Model Year 2024 Freightliner Business Class M2 vehicles manufactured April 3, 2023, through October 12, 2023.

On affected vehicles, the transmission does not contain a park pawl but may have been built with an incorrect transmission shifter that contains a park position (PRNDL). When shifted into the park position, the vehicle remains in neutral and, if the part brake is not set, the vehicle may rollaway, which can increase the risk of a crash.

This is the first of two notices you will receive regarding this subject. This letter is to inform you of an upcoming repair to correct the issue noted above. A Daimler Truck remedy is currently under development. In the interim, always apply the Parking Brake before exiting the vehicle. Repairs will be performed free of charge by Daimler Truck North America authorized service facilities. **There is no action for you to take at this time.**

The second notice will inform you when the final remedy is available. **When you receive the second notice**, please contact your authorized Daimler Truck North America dealer to schedule the Recall for your vehicle.
