**2021 DODGE RAM 3500 TRADESMAN REG CAB 4X2**

Recall information: 13A/NHTSA 23V-060

*Visit [recalls.mopar.com](https://recalls.mopar.com) for more information or call the FCA US Recall Team at [1-800-853-1403](tel:1-800-853-1403)*

### Details of the Recall

Your vehicle can experience an engine compartment fire originating from the Generation 1 solid state intake air grid heater relay. An electrical short in the relay can potentially lead to a vehicle fire with the ignition on or off. A vehicle fire can result in increased risk of occupant injury and/or injury to persons outside the vehicle, as well as property damage. Customers are advised to not park these vehicles inside of buildings or structures, or near other vehicles until the vehicle has the final repair completed.

FCA US will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace the suspect relay. The estimated repair time is 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience.

## How do I schedule my **FREE** repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

*We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.*
