This matter comes before the Court upon the Verified Motion (the “**Motion**”)¹ of Cordes & Company, LLP (the “**Receiver**” or “**Seller**”), as Receiver for the Receivership Property (as defined in the Receivership Order) and the Defendants, Lightning eMotors, Inc. (“**Lighting**”) and Lightning Systems, Inc. (“**Systems**,” and together with Lightning, “**Defendants**”), in the above-captioned action (the “**Receivership Action**”), for entry of an order, authorizing the Sale (the “**Sale**”) of the Purchased Assets free and clear of liens, claims, encumbrances, interests, and liabilities pursuant to that certain Asset Purchase Agreement, a copy of which attached hereto as Exhibit A² (as amended, supplemented, or otherwise modified in accordance with its terms,

¹ Unless otherwise referenced, capitalized terms not otherwise defined in this Order shall have the meanings ascribed to them in either the Motion or the APA (as defined below), as applicable.

² Certain portions of the copy of the APA attached hereto have been redacted for filing.

together with all exhibits and schedules, the “**APA**”), by and between the Receiver and GERCO LLC, a Delaware limited liability company (together with its permitted successors, designees, and assigns, the “**Purchaser**”); and upon the record and the file in this Receivership Action, after due deliberation and good cause appearing to grant the relief requested, and all objections and reservations of rights having been waived, resolved, withdrawn, or overruled, the Court finds and orders as follows:³

THE COURT FINDS AND DETERMINES THAT:

I. Jurisdiction and Final Order

A. The Court has jurisdiction over this matter and the Defendants, and venue is proper pursuant to C.R.C.P. Rule 98(c). The Defendants that are the subject of the *Unopposed Verified Complaint for Appointment of Receiver* and the *Unopposed Motion for Appointment of Receiver*, both filed on December 13, 2023, are located in Larimer County, in the State of Colorado.

B. This order (this “**Order**”) constitutes a final order within the meaning of applicable Colorado law. The Court finds there is no just reason for delay in the implementation of this Order, waives any stay, and directs immediate entry of judgment as set forth herein.

II. Authority to Sell Receivership Property

C. On December 15, 2023, the Court entered the *Order Granting Appointment of Receiver* (the “**Receivership Order**”), authorizing the Receiver to sell the Defendants’ Receivership Property. *See* Receivership Order, ¶ 9. No party objected to the Receivership Order, and the deadline for such objections has expired.

³ The findings and conclusions in this Order constitute this Court’s findings of fact and conclusions of law. To the extent any of the following findings of fact constitute conclusions of law, they are adopted as such, and to the extent any of the following conclusions of law constitute findings of fact, they are adopted as such. All findings of fact and conclusions of law announced by the Court at any hearing in relation to the Motion are hereby incorporated to the extent not inconsistent with this Order.

D. The Defendants are the sole and lawful owners of the Purchased Assets, with good and valid title to the Purchased Assets. The Purchased Assets constitute property of the Receivership Estate.

E. The Sale of the Purchased Assets to the Purchaser pursuant to the APA is duly authorized under the Receivership Order, C.R.S. § 7-114-303, and C.R.C.P. Rule 66.

F. The consummation of the Sale and other transactions contemplated by the APA and this Order (the “**Sale Transactions**”) are legal, valid, and properly authorized transactions under all applicable provisions of Colorado law, and the Receiver and the Purchaser have complied with all the applicable requirements of such laws in respect of the Sale Transactions.

III. Notice of the Sale and Sale Hearing

G. The Court finds sufficient and approves the manner of notice, including the (i) *Notice of Receiver’s Sale of Assets* (the “**Sale Notice**”), (ii) *Notice of (I) Entry Into Asset Purchase Agreement, (II) Sale Hearing, and (III) Deadline to Objection to Sale* (the “**APA and Sale Hearing Notice**”), (iii) Form 8-K filed with the United States Securities and Exchange Commission and the Press Release issued with PR Newswire (the “**Press Release and 8-K**”), and (iv) Publication Notice with the Wall Street Journal and the Denver Post (the “**Publication Notice**,” and collectively with the Sale Notice, the APA and Sale Hearing Notice, and the Press Release and 8-K, the “**Notice**”). The Notice was proper, timely, good, complete, adequate, and sufficient notice of the Sale under the particular circumstances, the deadline to object to the Sale, the Sale Hearing (defined below), and all other associated deadlines, were reasonably calculated and provided a full and fair opportunity to object or be heard with respect to the Motion and the relief requested, and was timely and properly provided to all creditors and interested parties, including, those parties identified in Schedule 10.a.ii of the APA. With respect to any parties that may have Liens (as defined in the APA), or Claims (as defined in the APA) against the

Receivership Estate, but whose identities are not reasonably ascertainable by the Receiver, the Press Release and 8-K and the Publication Notice were sufficient and reasonably calculated under the circumstances to reach such parties.

H. The Court conducted a hearing on the Motion on February 15, 2024 (the “**Sale Hearing**”) at which the Court considered any responses and objections, arguments of counsel, and other evidence adduced. The Notice provided all interested persons and entities with timely and proper notice of, and a reasonable opportunity to object and be heard with respect to the Sale and the Sale Hearing. As evidenced by the affidavits of service previously filed with the Court, proper, timely, adequate, and sufficient notice of the Motion, the Sale Hearing, and the Sale, and all deadlines related thereto, has been provided.

IV. Marketing of Purchased Assets

I. As demonstrated by the Motion, and evidence proffered or adduced, and representations made, at the Sale Hearing, if any, the Receiver and its professionals, agents, and other representatives engaged in a robust and extensive marketing and sale process, and have marketed the Purchased Assets and conducted all aspects of the sale process in good faith. The marketing process undertaken by the Receiver and its professionals, agents, and other representatives with respect to the Purchased Assets was adequate and appropriate, and reasonably calculated to maximize value for the benefit of all stakeholders. The sale process was substantively and procedurally fair to all parties, and was conducted in a diligent, non-collusive, fair, and good-faith manner. The total consideration provided by the Purchaser contemplated by the APA was the highest and best bid for the Purchased Assets and, therefore, the Purchaser was designated as the Successful Bidder.

V. Good Faith of the Purchaser and Receiver

J. The APA was negotiated, proposed, and entered into by the Receiver and the Purchaser without collusion, in good faith, and from arm's length bargaining positions. Neither the Receiver, nor the Purchaser, nor any affiliate of the Purchaser has engaged in any conduct that would cause or permit the APA or the Sale to be avoided, or costs or damages to be imposed, under applicable law. Neither the Purchaser nor any of its affiliates, members, officers, directors, shareholders or any of its or their respective successors or assigns is an "insider" or "affiliate" of any of the Defendants or the Receiver, and the Purchaser's professionals, agents, and other representatives have acted in good faith in negotiating and entering into the APA.

K. The Purchaser is making such purchase in good faith and is a good-faith purchaser under applicable law and, as such, is entitled to all of the protections afforded thereby and otherwise has proceeded in good faith in all respects in connection with this proceeding in that: (i) the Purchaser recognized that the Receiver was free to deal with any other party interested in acquiring the Purchased Assets and did not attempt to limit the Receiver's freedom; (ii) the Purchaser did not in any way induce or cause the filing of this Receivership Action; (iii) the Purchaser made the highest or otherwise best bid for the Purchased Assets, which was subsequently open to higher and better bids; and (iv) the negotiation and execution of the APA and any other agreements or instruments related thereto were in good faith and at arms' length between the Purchaser, without insider influence or improper conduct by the Purchaser, absent evidence of fraud, collusion, or bad faith on the part of the Purchaser, nor evidence of the Purchaser doing anything to control or otherwise influence the marketing or sale process, including anything to control or otherwise influence the purchase price paid for the Purchased Assets.

VI. Highest and Best Offer

L. The offer of the Purchaser on the terms and conditions set forth in the APA, including the total consideration to be realized by the Receiver, is: (i) the highest and best offer received by the Receiver after extensive marketing, including by providing the highest economic value available to the Receivership Estate and will provide a greater recovery for the Receivership Estate than would be provided by any other available alternative, and (ii) in the best interests of the Receivership Estate, the Defendants, their creditors, their stakeholders, and other parties in interest. Taking into consideration all relevant factors and circumstances, no other entity has offered to purchase the Purchased Assets for greater economic value to the Receiver or the Receivership Estate. The Receiver has demonstrated sufficient basis to enter the APA and sell the Purchased Assets on the terms outlined therein. All such actions are appropriate, valid, reasonable, and sound exercises of the Receiver's business judgment consistent with their fiduciary duties and in the best interests of the Receivership Estate, the Defendants, their creditors, their estates, and other parties in interest. Approval of the Motion and the APA and the consummation of the Sale pursuant to the APA is in the best interests of the Receivership Estate, the Defendants, their creditors, their estates, and other parties in interest.

M. Good and sufficient reasons for approval of the APA and the transactions to be consummated in connection therewith have been articulated by the Receiver. The Receiver has demonstrated compelling circumstances for the Sale outside the ordinary course of business, in that, among other things, the immediate consummation of the Sale to the Purchaser is necessary and appropriate to preserve and to maximize the value of the Receivership Estate. To maximize the value of the Purchased Assets, it is essential that the consummation of the Sale occur promptly.

VII. No Successor Liability

N. By virtue of the consummation of the Sale or otherwise, (i) the Sale is not an express or implied assumption of any liability of the Defendants or the Receiver by the Purchaser other than an expressly set forth in the APA (ii) the Purchaser is not a continuation of the Receiver or Defendants or their respective businesses, operations or any of their enterprises, there is no continuity between the Purchaser and the Defendants or the Receiver, there is no common identity of ownership between the Purchaser and the Defendants or the Receiver, there is no continuity of enterprise between the Purchaser and the Defendants or Receiver, and Purchaser does not have a common identity of incorporators, directors, or equity holders with the Defendants or Receiver, (iii) the Purchaser is not holding itself out to the public as a continuation of the Receiver or the Defendants or their respective businesses, operations or any of their enterprises, including, but not limited to, as to any warranty or similar obligations, and (iv) the Sale does not amount to a consolidation, merger, or *de facto* consolidation or merger of the Purchaser and the Receiver or any of the Defendants or their respective estates.

O. The Purchaser is not, and shall not be considered, a successor to the Defendants, the Receiver, or the Receivership Estate. The Purchaser shall have no successor liability whatsoever with respect to the Defendants, the Receiver, or the Receivership Estate, or their respective creditors, equity holders, and interested parties. The Purchaser shall have no liability and shall not become liable for any liabilities, debts or obligations of the Defendants, the Receiver, or the Receivership Estate including by reason of, without limitation, any theory of law or equity, including, but not limited to, under any federal, state or local statute, regulation, administrative decision, or common law, or revenue, pension, ERISA, OSHA, tax, labor, employment, environmental, escheat or unclaimed property laws, or other law, rule or regulation (including, without limitation, filing requirements under any such laws, rules, or regulations), or

under any products liability law or doctrine, or under any product warranty liability law or doctrine. For the avoidance of doubt, the Purchaser and its affiliates shall have no liability, debts or obligations resulting from the Sale, the Sale Transactions, the APA, this Order, or otherwise for the Defendants', the Receiver's, or the Receivership Estate's liabilities, debts or obligations (and the Purchaser shall not be deemed, to be a "successor employer"), including, without limitation, under any of the following: the Workers Adjustment and Retraining Act, 929 U.S.C. §§ 210 et seq., the Internal Revenue Code of 1986, Title VII of the Civil Rights Act of 1964, as amended, the Federal Rehabilitation Act of 1973, the Age Discrimination and Employee Act, the Age Discrimination in Employment Act, the Worker Adjustment and Retraining Act of 1988, the Americans with Disability Act, the Family Medical Leave Act, the National Labor Relations Act, the Labor Management Relations Act, the Older Workers Benefit Protection Act, the Equal Pay Act, the Employee Retirement Income Security Act, the Multiemployer Pension Protection Act, the Pension Protection Act, the Occupational Safety and Health Act, the WARN Act, the Comprehensive Environmental Response Compensation and Liability Act, any other foreign, federal, state or local environmental, tax, labor, or employment law, any bulk sales or similar law, the Fair Labor Standards Act, state discrimination laws, State unemployment laws, any employment or labor agreement, any lease, deed of trust, mortgage, security agreement or interest, pension or medical plan, compensation or other employee benefit plan, any severance, retention or other bonus, any other employee, worker's compensation, unemployment, or disability plan or claim, or any warranty agreement or program, or any and all theories of successor liability including, without limitation, any theories on successor products liability grounds or otherwise.

P. The Purchaser is not implicitly assuming any liabilities of the Defendants or the Receiver by virtue of the Sale, the APA, or this Order. Purchaser is only assuming those liabilities of the Defendants and the Receiver expressly defined as “Assumed Liabilities” in the APA.

No Fraudulent Transfer

Q. The APA was not entered into by the Purchaser and the Receiver for the purpose of hindering, delaying, or defrauding creditors (including under applicable federal or state fraudulent conveyance or fraudulent transfer laws), nor are they entering into or consummating the Sale Transactions contemplated by the APA fraudulently (including under applicable federal or state fraudulent conveyance or fraudulent transfer laws). The total consideration to be realized by the Receivership Estate under the APA constitutes full and adequate consideration, is fair and reasonable and constitutes reasonably equivalent value, fair consideration, and fair value for the Purchased Assets (including under applicable federal or state fraudulent conveyance or fraudulent transfer laws).

VIII. Sale Free and Clear of Liens, Claims, Encumbrances, Interests, and Liabilities

R. The transfer of each of the Purchased Assets to the Purchaser will be, as of the Closing Date, a legal, valid, and effective transfer of the Purchased Assets, and vests or will vest in the Purchaser all right, title, and interest of the Defendants and the Receiver in, to, and under the Purchased Assets free and clear of all Liens, Claims, Liabilities, and interests other than Assumed Liabilities as set forth in the APA. Upon such transfer, the Purchaser shall have good and valid title to the Purchased Assets free and clear of all Liens, Claims, Liabilities, and interests other than Assumed Liabilities as set forth in the APA.

S. This Order shall be effective as a determination that, upon the closing of the Sale, the Purchaser shall not be responsible for any Lien or Claim of any kind or nature whatsoever existing as to the Defendants, the Receiver, or the Purchased Assets.

T. The transfer of the Purchased Assets to the Purchaser free and clear of all Liens, Claims, Liabilities, and interests will not result in any undue burden or prejudice to any holders of any Liens or Claims because each Lien, Claim, Liability, and interest shall attach to the consideration to be paid by the Purchaser and received by the Receiver in the same priority and subject to the same rights, claims, and defenses that the Receiver or the Receivership Estate and its creditors, as applicable, may possess with respect thereto, if any, as before the Closing.

IX. Free and Clear Sale Is Necessary

U. The Purchaser would not have entered into the APA and would not consummate the transactions contemplated thereby if the sale of the Purchased Assets to the Purchaser were not, except as otherwise provided in the APA with respect to the Assumed Liabilities, be free and clear of all Liens, Claims, Liabilities, and interests of any kind or nature whatsoever, or if the Purchaser would, or in the future could (except and only to the extent expressly provided in the APA and with respect to the Assumed Liabilities), be liable for any and Liens or Claims asserted against, or Liabilities of, the Defendants or the Purchased Assets.

X. Compelling Circumstances for an Immediate Sale

V. Good and sufficient reasons for approval of the APA and the Sale have been articulated. To maximize the value of the Receivership Property, it is essential that the Sale be approved and the Sale Transactions occur promptly within the time constraints set forth in the APA. Time is of the essence in effectuating the APA and consummating the Sale, both to preserve and maximize the value of the Purchased Assets for the benefit of the Defendants, the Receivership Estate, their creditors, their estates, and other parties in interest, and all other

parties in interest in this Receivership Action and to provide the means for the Receiver to maximize recoveries. As such, the Receiver and the Purchaser intend to close the Sale of the Assets as soon as reasonably practicable subject to the terms of the APA. The Receiver has demonstrated both compelling circumstances and a good, sufficient, and sound business purpose and justification for immediate approval and consummation of the APA. Accordingly, there is good cause to waive the stay contemplated by applicable law.

IT IS THEREFORE ORDERED, ADJUDGED, AND DECREED THAT:

General Provisions

1. The Motion is GRANTED and the Sale is APPROVED, subject to the terms and conditions contained in this Order. The findings and conclusions set forth above in this Order and at any hearing (to the extent not inconsistent with this Order) are incorporated fully herein as if fully set forth herein and ordered, adjudged, and decreed hereby.

2. All objections and responses to the Motion and the Sale, including all reservations of rights included therein, that have not previously been overruled, withdrawn, waived, settled, continued, or resolved, are hereby overruled and denied on the merits. Those parties who did not object or who withdrew their objections to the Motion are deemed to have waived any objection and consented to the Motion and the Sale and the entry of this Order.

3. The Purchaser is a good-faith purchaser and, as such, is entitled to all of the protections afforded thereby and otherwise has proceeded in good faith in all respects in connection with the Sale. Accordingly, the reversal or modification on appeal of the authorization provided herein to consummate the Sale shall not affect the validity of the Sale, unless such authorization and such Sale are duly stayed pending such appeal.

4. The entry of this Order is in the best interests of the Receivership Estate, its creditors, and other stakeholders thereof and other parties in interest.

Approval of the APA

5. The APA, the Notices, and all other ancillary documents related to the APA or the Notices, or contemplated by the APA and this Order as may be reasonably necessary or appropriate to the performance of the obligations as contemplated by the APA (collectively, the “**Sale Documents**”), and all of the respective terms and conditions of the Sale Documents are approved. The Receiver is authorized and directed to enter into the APA and the other Sale Documents to be executed in connection with the APA as may be necessary to consummate the Sale and to perform their obligations thereunder, and the Receiver’s prior execution and delivery of the APA and any other Sale Documents are ratified and approved.

6. The Receiver and the Purchaser acting by and through their existing agents, representatives, and officers are authorized, empowered and directed, without further order of this Court and in accordance with the terms and conditions of the APA and this Order, to use their reasonable best efforts to take any and all actions necessary or appropriate to (a) consummate and close the Sale, (b) transfer and assign all rights, title, and interest to all assets, property, licenses, and rights of the Defendants and Receiver to be conveyed under the APA, and (c) perform under, consummate, implement, and close fully the APA and the Sale Transactions, including any other Sale Documents. Neither the Purchaser nor the Receiver shall have any obligation to proceed with the Closing under the APA until all conditions precedent to their obligations to do so have been met, satisfied, or waived, except as otherwise contemplated and provided for in the APA and this Order.

Binding Effect

7. This Order, the APA, and the other Sale Documents shall be binding in all respects upon (a) the Receiver, the Defendants, the Receivership Estate, (b) all holders of equity interests in the Defendants and the Receivership Estate, (c) all holders of Liens or Claims (whether known or unknown) (i) against any Defendant, the Receiver, or the Receivership Estate, and (ii) on all or any portion of the Purchased Assets, (d) all contract counterparties, (e) the Purchaser, and all successors and assigns of the Purchaser, and the Purchased Assets, and (f) all successors and assigns of the Defendants, and shall not be subject to rejection or unwinding.

8. This Order and the APA shall inure to the benefit of the Receivership Estate, its creditors, and other parties in interest, the Purchaser and their respective successors and assigns.

Sale and Transfer of the Purchased Assets Free and Clear

9. The Receiver is authorized and directed to transfer the Purchased Assets to the Purchaser on the Closing Date. The transfer of the Defendants' and Receiver's rights, title, and interest in the Purchased Assets to the Purchaser pursuant to the APA and this Order shall be deemed transferred to the Purchaser upon and as of the Closing Date, and such transfer of the Purchased Assets and the consummation of the Sale and any related actions contemplated thereby constitute a legal, valid, binding, and effective transfer of the Defendants' right, title, and interest in the Purchased Assets and shall vest the Purchaser with all the rights, title and interest of the Defendants and the Receiver in and to the Purchased Assets free and clear of all Liens, Claims, Liabilities and interests (except Assumed Liabilities). Upon the Closing, the Purchaser shall take title to and possession of the Purchased Assets subject only to the Assumed Liabilities. The transfer of title to the Purchased Assets and the assumption and assignment of the Assigned Contracts shall be free and clear of all Liens, Claims, Liabilities, and interests including, without

limitation, all Claims pursuant to any successor or successor-in-interest liability theory, except for Assumed Liabilities.

10. On the Closing Date, this Order shall be construed and shall constitute for any and all purposes a full and complete general assignment, conveyance, and transfer of all of the Defendants' and Receiver's rights, title, and interest in the Purchased Assets or a bill of sale transferring good and marketable title in such Purchased Assets to the Purchaser on the Closing Date pursuant to the terms of the APA and this Order, free and clear of all Liens, Claims, Liabilities, and interests (other than Assumed Liabilities). Notwithstanding the foregoing, if the Purchaser requests, then the Receiver shall deliver, or cause to be delivered, to the Purchaser: (a) executed bills of sale and such other instruments of transfer conveying the Purchased Assets to the Purchaser, in form and content reasonably satisfactory to the Purchaser; (b) to the extent applicable, an executed assignment assigning all of the Defendants' rights and obligations under the contracts transferred pursuant to the APA (if any), in form and content reasonably satisfactory to the Purchaser; and (iii) such other documents and certificates as the Purchaser may reasonably request to transfer the Purchased Assets. For the avoidance of doubt, the Excluded Assets set forth in the APA are not included in the Purchased Assets, and the Excluded Liabilities set forth in the APA and herein are not Assumed Liabilities.

11. Except with respect to Assumed Liabilities, all persons and entities holding Claims against the Defendants and/or Receivership Estate or Claims against or Liens on any portion of the Purchased Assets, are hereby forever barred, estopped, and permanently enjoined from asserting against the Purchaser or its successors or assigns, their property, or the Purchased Assets such persons' or entities' Claims against the Defendants and/or Receivership Estate or Liens or Claims in and to the Purchased Assets. On and after the Closing Date, each creditor is

authorized and directed to execute such documents and take all other actions as may reasonably be deemed by the Purchaser to be necessary or desirable to evidence the release of Liens or Claims, if any, as provided for herein and in the APA, as such Claim or Lien may have been recorded or may otherwise exist; provided, however, any failure to do so shall not in any way effect the validity of any free and clear transfer pursuant to this Order.

12. Effective upon the Closing Date, all persons and entities are forever prohibited and permanently enjoined from commencing or continuing in any manner any action or other proceeding, whether in law or equity, in any judicial, administrative, arbitral, or other proceeding against the Purchaser or its affiliates, successors or assigns or their respective properties, or the Purchased Assets, with respect to any (a) Liens, Claims, and Liabilities (other than Assumed Liabilities) against the Defendants, the Receiver, or the Purchased Assets, or the operation of the Purchased Assets by the Defendants prior to the Closing or (b) claims of successor liability including, without limitation, those based in whole or in part, directly or indirectly, on any theory of successor or vicarious liability, or any similar theories of any kind of character, or based upon any theory of antitrust, environmental, successor or transferee liability, *de facto* merger or substantial continuity, labor and employment, or products liability, whether known or unknown as of the Closing, legal or equitable, now existing or hereafter arising, asserted or unasserted, fixed or contingent, or liquidated or unliquidated, including, without limitation, the following actions: (i) commencing or continuing in any manner any action or other proceeding against the Purchaser, or its affiliates, successors or assigns or their respective assets or properties; (ii) enforcing, attaching, collecting or recovering in any manner any judgment, award, decree, or order against the Purchaser, or its affiliates, successors or assigns or their respective assets or properties; (iii) creating, perfecting, or enforcing any Liens or Claims against the Purchaser, or

its affiliates, successors or assigns or their respective assets or properties; (iv) asserting any setoff, right of subrogation, or recoupment of any kind against any obligation due to the Purchaser, or its affiliates, successors or assigns or their respective assets or properties; (v) commencing or continuing any action, in any manner or place, that does not comply or is inconsistent with the provisions of this Order or other orders of the Court, or the agreements or actions contemplated or taken in respect thereof; or (vi) revoking, terminating, or failing or refusing to renew any license, permit, service, or authorization to operate any of the Purchased Assets or conduct any of the businesses operated with the Purchased Assets, in each case under the prior clauses (i) through (vi), solely with respect to events or conditions occurring prior to the Closing Date, and excluding Assumed Liabilities, liabilities assumed under Assigned Contracts.

Proceeds of Sale

13. This Order is and shall be effective as a determination that, as of the Closing Date, all Liens and Claims of any kind or nature whatsoever on or against the Purchased Assets shall have been, and are, unconditionally released, discharged, and terminated. Further, this Order is and shall be effective as a determination that, as of the Closing Date, the conveyances described herein have been effected, and all such Liens and Claims that were on or against the Purchased Assets are to attach to any net proceeds received by the Receivership Estate in connection with the Sale with the same validity, force, and effect, and in the same order of priority, which such Liens or Claims previously had against such Purchased Assets, subject to any rights, claims, and defenses that the Receiver or the Receivership Estate and its creditors, as applicable, may possess with respect thereto.

Turnover

14. All persons and entities that are presently, or as of the Closing Date may be, in possession of some or all of the Purchased Assets are hereby directed to surrender possession of

such Purchased Assets to the Purchaser on or as soon as practicable after the Closing Date. To the extent that any such person or entity fails or refuses to surrender possession of such Purchased Assets on or after the Closing Date, the Purchaser has the right to commence a turnover action and have it considered by this Court on an expedited basis.

15. If any person or entity that has filed statements or other documents or agreements evidencing Liens or Claims in all or any portion of the Purchased Assets has not delivered to the Defendants and/or the Receiver prior to the Closing Date, in proper form for filing and executed by the appropriate parties, termination statements, instruments of satisfaction, releases of Liens and Claims and any other documents necessary or desirable to the Purchaser for the purpose of documenting the release of all Liens and Claims (other than Assumed Liabilities), which the person or entity has or may assert with respect to all or any portion of the Purchased Assets, then the Purchaser and the Receiver are hereby authorized to execute and file such statements, instruments, releases and other documents in the name and on behalf of such person or entity with respect to the Purchased Assets; provided that, notwithstanding anything in this Order or the APA to the contrary, the provisions of this Order shall be self-executing, and neither the Receiver nor the Purchaser shall be required to execute or file releases termination statements, assignments, consents, or other instruments in order to effectuate, consummate, and implement the provisions of this Order.

16. Upon the Closing, and unless otherwise specifically provided for herein or in the APA, those parties holding Liens or Claims related to the Purchased Assets shall, at Purchaser's direction, execute or authenticate such documents and instruments and take all other action as may be necessary to release such Liens or mortgages on or security interests in the Purchased Assets, as may have been recorded or may otherwise exist. The Receiver is further authorized to

execute such documents and instruments and take all other actions as may be necessary to effectuate the terms of the APA and this Order including such actions as may be necessary to comply with all regulatory and licensing requirements.

Governmental Authorities

17. As of the Closing Date, to the fullest extent permitted by law, the Purchaser is authorized to operate under any insurance policy of the Defendants constituting Purchased Assets.

18. This Order is and shall be binding upon and govern the acts of all persons and entities, including, without limitation, all filing agents, filing officers, title agents, title companies, recorders of mortgages, recorders of deeds, registrars of deeds, administrative agencies, governmental departments, secretaries of state, federal and local officials and all other persons and entities who may be required by operation of law, the duties of their office, or contract, to accept, file, register or otherwise record or release any documents or instruments, or who may be required to report or insure any title or state of title in or to any lease, and each of the foregoing persons and entities is hereby authorized and directed to accept for filing any and all of the documents and instruments necessary and appropriate to consummate the transactions contemplated by the APA.

19. Each and every federal, state, and local governmental agency or department is hereby authorized to accept any and all documents and instruments necessary and appropriate to consummate the transactions contemplated by the APA. A copy of this Order may be: (a) filed with the appropriate clerk; (b) recorded with the recorder; or (c) filed or recorded with any other governmental agency to act to cancel and release any of the Claims, Liens, and other encumbrances of record.

Assumption and Assignment of Contracts

20. The Receiver is authorized and directed to (a) assume and assign the Assigned Contracts to the Purchaser free and clear of all Liens, Claims, Liabilities and other interests of any kind or nature whatsoever (other than the Assumed Liabilities), and (b) execute and deliver to the Purchaser such documents or other instruments as the Purchaser deems necessary to assign and transfer the Assigned Contracts to the Purchaser in accordance with the APA.

21. The Assigned Contracts shall be transferred to and remain in full force and effect for the Purchaser's benefit in accordance with their respective terms, notwithstanding any provision in any such Assigned Contract that prohibits, restricts, or conditions such assignment or transfer. Any default by Defendants or the Receiver under any Assigned Contract is deemed waived. The Defendants and/or Receiver shall be relieved from any further liability with respect to such Assigned Contracts after their assumption and assignment to the Purchaser. All objections to the assumption and assignment of the Assigned Contracts that have not been withdrawn, waived, settled, or adjourned, as announced to the Court at any hearing or by stipulation filed with the Court, and all reservations of rights included in such objections or otherwise, are hereby denied and overruled on the merits with prejudice.

22. All contract counterparties are forever barred and permanently enjoined from raising or asserting against either the Receiver or the Purchaser any assignment fee, default, breach, Claim, pecuniary loss, or condition to assignment arising under or related to the Assigned Contracts existing as of the Closing Date or arising by reason of the Closing.

23. The failure of the Defendants, Receiver, or the Purchaser to enforce, at any time, one or more terms or conditions of any Assigned Contract shall not be a waiver of such terms or

conditions, or of the Defendants', Receiver's, or the Purchaser's rights to enforce every term and condition of the Assigned Contract.

24. Other than the findings, conclusions and orders in this Order that (a) the Sale to Purchaser of the Purchased Assets is free and clear of all Liens, Claims, Liabilities, and interests, (b) upon the transfer, Purchaser shall have good and valid title to the Purchase Assets free and clear of all Liens, Claims, Liabilities, and interests other than Assumed Liabilities, (c) the Purchaser is not a successor to the Defendants, the Receiver, or the Receivership Estate, and shall have no successor liability whatsoever, and (d) the Purchaser shall have no liability and shall not become liable for any liabilities, debts or obligations of the Defendants, the Receiver, or the Receivership Estate, nothing in this Order shall affect the rights of RMCIT LLC under its leases with Defendants or Purchaser.

25. 30. The transactions authorized herein shall be of full force and effect, regardless of any Defendants' lack of good standing in any jurisdiction in which such Defendant is formed or authorized to transact business.

31. In the event of any inconsistency between this Order and the APA, this Order governs. The failure to include any particular provision of the APA or the related agreements in

this Order will not diminish the effectiveness of such provision, it being the intent of the Court that the APA be authorized and approved in its entirety.

32. The provisions of this Order are non-severable and mutually dependent.

33. This Order shall become null and void if the Closing does not occur on the terms and conditions provided for in the APA or the Order.

34. This Court shall retain jurisdiction to, among other things, interpret, implement, and enforce the terms and provisions of this Sale Order, the APA, the Sale, and the Sale Documents, and to adjudicate any and all disputes concerning or relating in any way to the foregoing.

35. For cause shown, this Order is effective and enforceable immediately and its provisions are self-executing upon entry notwithstanding any other applicable provision under the law.

viii. of its rights of termination in the event of non-fulfillment of any other condition in whole or in part. Any such waiver shall be binding on the Purchaser only if made in writing. If any condition set out in this Section is not satisfied or performed on or prior to the Closing Date, the Purchaser may elect on written notice to the Seller to terminate this Agreement.

11. Closing.

a. The Closing shall occur immediately following the satisfaction, or waiver by Purchaser in writing, of all Closing Conditions (the “**Closing Date**”). Each of the Parties agree to take all such actions as are within its power to control and shall use its commercially reasonable efforts to cause other actions to be taken which are not within its power to control, so as to permit good title to the Purchased Assets to be duly transferred to the Purchaser at the Closing and ensure compliance with all of the conditions set forth in this Agreement.

b. The transactions at Closing, when effective, will be deemed to be effective as of 12:00 a.m. Mountain Time on the Closing Date, except as otherwise specifically provided at the time of Closing.

c. Purchaser shall pay all reasonable registration fees associated with the transfer of the Purchased Assets.

12. Seller’s Covenants. Seller covenants and agrees as follows:

a. *Exclusive Dealing.* Upon execution of this Agreement, the Seller or Company, directly or indirectly, through any officer, director, shareholder, partner, employee, agent or other affiliate shall not: (i) solicit, initiate or encourage the submission of any proposal or offer from any person (other than the Purchaser) relating to the acquisition of any debt of Company or of any of the Purchased Assets (including any acquisition structured as a plan of arrangement, of compromise or of reorganization); (ii) participate in any discussions or negotiations regarding, furnish any information with respect to, assist or participate in, or facilitate in any other manner, any effort or attempt by any person to do or seek any of the foregoing; or (iii) enter into any agreement, arrangement or understanding with respect to the foregoing.

b. *Operation of Business.* Upon execution of this Agreement and until Closing, Seller shall (i) operate the business of Company in ordinary course of a liquidating receivership, (ii) not incur or permit the incurrence of additional Liens, Claims or Liabilities on the Purchased Assets or the Receivership Property (except for Liabilities incurred in the ordinary course as permitted under the Receivership Order), (iii) not commit, suffer or permit any waste upon the Purchased Assets or the Receivership Property, or (iv) not sell, transfer, or assign any of the Receivership Property (including any Purchased Assets) without first complying with Subsection 14.a of this Agreement.

c. *List of Assets and Liens.* Upon execution of this Agreement, Seller shall provide Purchaser with a detailed and itemized list of all Receivership Property (including the Purchased Assets), together with all known Claims, Liens, and Liabilities affecting the Receivership Property, which list is attached hereto as Schedule 12.c. Seller shall promptly update Schedule 12.c if, prior to Closing, Seller discovers Schedule 12.c is inaccurate in any respect.

d. *Further Assurances.* Seller will take all reasonably necessary steps to carry out the intent of this Agreement, including, but not limited to, (i) by executing and delivering, or causing to be executed and delivered, such further instruments or documents as reasonably requested by Purchaser, (ii) providing access to all documents and information of Company requested by Purchaser, and (iii) cooperating with Purchaser to facilitate discussions with Employees.

e. *Receivership Action.* As promptly as practicable after execution of this Agreement, the Seller shall: (i) file a motion for entry of the Sale Order; and (ii) serve such parties as the District Court, this Agreement, and Purchaser requires with Notice of the motion seeking entry of the Sale Order. The form, substance, and timing of service of such motion, Notice, and the parties to be so served, shall be subject to Purchaser's review and approval.

f. *Release from Certain Obligations.*

i. *Key Employees.* Prior to February 12, 2024, Seller will not terminate the employment of any of the key employees identified on Schedule 12.f.i (each, a "**Key Employee**") without complying with the remainder of this Subsection 12.f.i. If Seller intends to terminate the employment of any Key Employee prior to the date set forth in previous sentence, Seller shall provide written notice to Purchaser at least three (3) days before the termination date (the "**Negotiation Period**"). During the Negotiation Period, the Parties shall engage in good faith discussions regarding Seller's intended terminations. Such discussions may include, but not be limited to, whether Purchaser, in its sole discretion, will release a portion of the Deposit from the restrictions in Section 6 and Section 15.d, thus permitting Seller to use any released funds as provided in the Receivership Order. If an agreement is reached, the Parties shall execute a written amendment to this Agreement. If the Parties have not reached agreement during the Negotiation Period, Seller may terminate the employment of the Key Employees at issue, and effective upon such termination, Seller, on behalf of the Company, shall be deemed to have expressly and irrevocably released: (a) the terminated Key Employees from any non-competition, non-solicitation, confidentiality, or similar restrictive covenants to which they are subject by virtue of agreements with the Company; provided, however, the foregoing release shall be for the sole benefit of Purchaser and its Affiliates and shall only apply in the context of such terminated Key Employees providing services to, or being employed by, Purchaser and its Affiliates (as defined in the NDA (defined below)); and (b)

Purchaser and its Affiliates from any associated or similar restrictions or restrictive covenants, including any restrictions on hiring or employing such terminated Key Employees. The “NDA” means that certain Confidentiality Agreement, dated as of June 21, 2023, by and between LeM and an Affiliate of Purchaser.

ii. *Other Terminations.* Upon execution of this Agreement, Seller, on behalf of the Company, expressly and irrevocably releases: (a) Purchaser and its Affiliates from any and all restrictions under Section 9 of the NDA as to Employees that Seller terminates after execution of this Agreement or has terminated prior to execution of this Agreement; and (b) Employees the Seller terminates after execution of this Agreement or has terminated prior to execution of this Agreement from any non-competition and non-solicitation covenants to which they are subject by virtue of agreements with the Company, as well as Purchaser and its Affiliates from any associated restrictions or obligations on hiring or employing such Employees.

iii. *Post-Closing.* Upon Closing, Seller, on behalf of the Company, expressly and irrevocably releases: (a) Purchaser and its Affiliates from any and all obligations under Section 6 and Section 10 of the NDA; and (b) any Employees who Purchaser or its Affiliates subsequently hire or engage to provide services from any non-competition, non-solicitation, confidentiality, or similar restrictive covenants to which they are subject by virtue of agreements with the Company, and Purchaser and its Affiliates from any associated or similar restrictions or restrictive covenants, including any restrictions on hiring or employing such Employees. Seller acknowledges that subsequent to the Closing, Purchaser may engage in discussions with third parties regarding the further sale or transfer by Purchaser of the Purchased Assets, which Purchaser may undertake after Closing. In Seller’s judgment, such discussions would not negatively impact Seller’s ability to sell the Excluded Aspects or to fulfill its post-Closing duties in accordance with the Receivership Order.

g. *Company Trade Name Filing.* Prior to the Closing, Seller shall use all reasonable efforts to ensure Walkie Joe Enterprises withdraws the State of Colorado trade name filing for “Lightning eMotors Inc” (ID No. 20241029243).

h. *Maintenance of Documents and Information.* From and after the Closing, Purchaser has no obligation or requirement to maintain any documents and information (including any electronically stored information) necessary to comply with the Preservation Obligations. From the Closing and continuing for a period of seven (7) years thereafter, the Receiver shall retain and preserve all documents and information (including any electronically stored information) necessary to comply with the Preservation Obligations. If, after the Closing, Purchaser receives any subpoena, demand, or other request for documents or information subject to the Preservation Obligations from a third-party, Purchaser may promptly provide the Receiver’s name and contact information to such third-party.

i. *Continuation of Certain IT Contracts.* From the Closing until the period of time set forth on Schedule 12.i, Seller shall maintain the contracts or agreements identified on Schedule 12.i (the “**Transition Contracts**”) in full force and effect so as to provide Purchaser and its representatives access to the Company’s information technology and other systems that are governed by the Transition Contracts, including for purposes of downloading or accessing certain of the Purchased Assets. Any additional costs attributable to maintenance or continuation of the Transition Contracts after Closing shall be paid and/or reimbursed by Purchaser, subject to Seller’s provision of reasonable documents and information evidencing the need for and amount of such additional costs.

13. Employment Matters.

Effective no later than one (1) day prior to the Closing, Seller shall terminate the employment of all staff and Employees of the Company who have not previously been terminated prior to the Closing Date, and as it relates to such terminations, Purchaser agrees that the continued employment of any Employee by the Company is not required for the Closing, and for the avoidance of doubt will not be construed to be a Closing Condition. Purchaser shall not be obligated to retain or employ any of the Seller’s or the Company’s employees and shall have no Liabilities or obligations associated with any such terminations by the Seller. To the extent deemed necessary to assist in the Receivership Action (or matters related thereto) post-Closing, the Receiver may separately retain the assistance of terminated Employees.

14. Changes Prior to Closing.

- a. *Sale of Assets.* Following execution of this Agreement and prior to Closing, the Receiver shall not sell, transfer, or assign any of the Receivership Property (including the Purchased Assets) (each such proposed sale, transfer, or assignment, a “**Proposed Sale**”) without first providing written notice of the Proposed Sale to Purchaser (the “**Transfer Notice**”) and complying with the remainder of this Subsection. The Transfer Notice shall contain a detailed description of the assets or property to be sold, the consideration to be paid therefor (the “**Transfer Proceeds**”), and the identity of the prospective buyer. Purchaser shall have three (3) business days to approve or disapprove of the Proposed Sale. If the Proposed Sale is approved by Purchaser, then the Receiver may consummate the Proposed Sale and Purchaser shall be entitled, at its election, to (i) a dollar-for-dollar reduction of the Purchase Price based upon the amount of the Transfer Proceeds or (ii) receive the Transfer Proceeds, which shall be paid to Purchaser simultaneously with and only upon Closing.
- b. *Removal and Addition of Purchased Assets.* Notwithstanding any other provision herein, following execution of this Agreement and prior to Closing, Purchaser shall have the right, on written notice to Seller, to: (i) remove Purchased Assets or Assigned Contracts that are then-listed on Exhibit 1 from Exhibit 1 (“**Removed Assets**”), following which the Removed Assets shall no longer constitute a Purchased Asset or Assigned

Contract hereunder (as applicable); and (ii) add additional assets or properties of Company or contracts or written agreements to which Company is a party to Exhibit 1 (“**Added Assets**”), following which the Added Assets shall constitute a Purchased Asset or Assigned Contract hereunder (as applicable). If Purchaser exercises its right with respect to Removed Assets, the Parties shall promptly execute a written instrument memorializing the Removed Assets, and the Purchase Price shall remain unchanged unless otherwise agreed to in a written instrument signed by the Parties. If Purchaser exercises its right with respect to Added Assets, the Parties shall promptly execute a written instrument memorializing the Added Assets, and the Purchase Price shall remain unchanged; provided, however, if any Added Asset previously was an Enumerated Excluded Asset, the Purchase Price shall increase in an amount agreed upon between the Parties.

- c. *Purchase Price Reduction for Undelivered Purchased Assets.* If Seller cannot deliver or cause the delivery of any Purchased Assets prior to the Closing Date in accordance with Section 10.a.xi (“**Undelivered Assets**”), Seller shall set forth any Undelivered Assets on Schedule 14.c (which, for the avoidance of doubt, may be updated on a rolling basis prior to Closing). As of the date hereof, Schedule 14.c reflects the current Undelivered Assets. To the greatest extent practicable, Seller shall finalize Schedule 14.c at least three (3) days prior to the Closing Date. Thereafter, Purchaser shall be entitled, in its sole discretion, to deduct from the Purchase Price payable at Closing an amount (the “**Reduction Amount**”) equal to the Fair Market Value (defined below) of the Undelivered Assets. If Purchaser exercises its right under this Subsection, the Purchase Price will be reduced by the Reduction Amount and the Undelivered Assets shall no longer constitute Purchased Assets hereunder but shall instead constitute Excluded Assets. “**Fair Market Value**” means, for any Undelivered Asset, the gross forced liquidation value for such Undelivered Asset set forth on Schedule 14.c.

15. Termination.

- a. This Agreement may be terminated at any time prior to the Closing Date by mutual written agreement of the Seller and the Purchaser.
- b. This Agreement may be terminated by either Party at any time prior to the Closing Date upon delivery of a written notice to the other Party, in the event that the other Party is in breach of any of its material obligations under this Agreement and such breach is not cured in three (3) business days, or if any representation or warranty of either Party is untrue in any material respect. If Purchaser breaches this Agreement, Seller’s sole and exclusive remedy shall be to retain the Deposit, which shall be paid to Seller as liquidated damages and not as a penalty, and Purchaser shall have no further liability to Seller as a result of such breach.
- c. This Agreement may be terminated by either Party at any time if (i)

the Court fails to enter the Sale Order, (ii) the requirements of Subsection 10.a.iv or Subsection 10.a.v are not met, (iii) the District Court orders the sale of the Purchased Assets to a third party, (iv) the Receivership Action is dismissed, or (v) Seller has breached its representations and warranties set forth in this Agreement.

together with all exhibits and schedules, the “**APA**”), by and between the Receiver and GERCO LLC, a Delaware limited liability company (together with its permitted successors, designees, and assigns, the “**Purchaser**”); and upon the record and the file in this Receivership Action, after due deliberation and good cause appearing to grant the relief requested, and any objections having been waived, resolved, withdrawn, or overruled, the Court finds and orders as follows:³

THE COURT FINDS AND DETERMINES THAT:

I. Jurisdiction and Final Order

A. The Court has jurisdiction over this matter and the Defendants, and venue is proper pursuant to C.R.C.P. Rule 98(c). The Defendants that are the subject of the *Unopposed Verified Complaint for Appointment of Receiver* and the *Unopposed Motion for Appointment of Receiver*, both filed on December 13, 2023, are located in Larimer County, in the State of Colorado.

B. This order (this “**Order**”) constitutes a final order within the meaning of applicable Colorado law. The Court finds there is no just reason for delay in the implementation of this Order, waives any stay, and directs immediate entry of judgment as set forth herein.

II. Authority to Sell Receivership Property

C. On December 15, 2023, the Court entered the *Order Granting Appointment of Receiver* (the “**Receivership Order**”), authorizing the Receiver to sell the Defendants’ Receivership Property. *See* Receivership Order, ¶ 9. No party objected to the Receivership Order, and the deadline for such objections has expired.

³ The findings and conclusions in this Order constitute this Court’s findings of fact and conclusions of law. To the extent any of the following findings of fact constitute conclusions of law, they are adopted as such, and to the extent any of the following conclusions of law constitute findings of fact, they are adopted as such. All findings of fact and conclusions of law announced by the Court at any hearing in relation to the Motion are hereby incorporated to the extent not inconsistent with this Order.

D. The Defendants are the sole and lawful owners of the Purchased Assets, with good and valid title to the Purchased Assets. The Purchased Assets constitute property of the Receivership Estate.

E. The Sale of the Purchased Assets to the Purchaser pursuant to the APA is duly authorized under the Receivership Order, C.R.S. § 7-114-303, and C.R.C.P. Rule 66.

F. The consummation of the Sale and other transactions contemplated by the APA and this Order (the “**Sale Transactions**”) are legal, valid, and properly authorized transactions under all applicable provisions of Colorado law, and the Receiver and the Purchaser have complied with all the applicable requirements of such laws in respect of the Sale Transactions.

III. Notice of the Sale and Sale Hearing

G. The Court finds sufficient and approves the manner of notice, including the (i) *Notice of Receiver’s Sale of Assets* (the “**Sale Notice**”), (ii) [*Notice of Entry into APA with [__]*] and *February __, 2024 Sale Hearing* (the “**APA and Sale Hearing Notice**”), (iii) [FORM 8-K AND PRESS RELEASE] (the “**Press Release and 8-K**”), and (iv) [PUBLICATION NOTICE] (the “**Publication Notice**,” and collectively with the Sale Notice, the APA and Sale Hearing Notice, and the Press Release and 8-K, the “**Notice**”). The Notice was proper, timely, good, complete, adequate, and sufficient notice of the Sale under the particular circumstances, the deadline to object to the Sale, the Sale Hearing (defined below), and all other associated deadlines, were reasonably calculated and provided a full and fair opportunity to object or be heard with respect to the Motion and the relief requested, and was timely and properly provided to all creditors and interested parties, including, those parties identified in Schedule 10.a.ii of the APA. With respect to any parties that may have Liens (as defined in the APA), or Claims (as defined in the APA) against the Receivership Estate, but whose identities

are not reasonably ascertainable by the Receiver, the Press Release and 8-K and the Publication Notice were sufficient and reasonably calculated under the circumstances to reach such parties.

H. The Court [**scheduled OR conducted**] a hearing on the Motion on February __, 2024 (the “**Sale Hearing**”) [at which the Court considered any responses and objections, arguments of counsel, and other evidence adduced.] The Notice provided all interested persons and entities with timely and proper notice of, and a reasonable opportunity to object and be heard with respect to the Sale and the Sale Hearing. As evidenced by the affidavits of service previously filed with the Court, proper, timely, adequate, and sufficient notice of the Motion, the Sale Hearing, and the Sale, and all deadlines related thereto, has been provided.

IV. Marketing of Purchased Assets

I. As demonstrated by the Motion, and evidence proffered or adduced, and representations made, at the Sale Hearing, if any, the Receiver and its professionals, agents, and other representatives engaged in a robust and extensive marketing and sale process, and have marketed the Purchased Assets and conducted all aspects of the sale process in good faith. The marketing process undertaken by the Receiver and its professionals, agents, and other representatives with respect to the Purchased Assets was adequate and appropriate, and reasonably calculated to maximize value for the benefit of all stakeholders. The sale process was substantively and procedurally fair to all parties, and was conducted in a diligent, non-collusive, fair, and good-faith manner. The total consideration provided by the Purchaser contemplated by the APA was the highest and best bid for the Purchased Assets and, therefore, the Purchaser was designated as the Successful Bidder.

V. Good Faith of the Purchaser and Receiver

J. The APA was negotiated, proposed, and entered into by the Receiver and the Purchaser without collusion, in good faith, and from arm’s length bargaining positions. Neither

the Receiver, nor the Purchaser, nor any affiliate of the Purchaser has engaged in any conduct that would cause or permit the APA or the Sale to be avoided, or costs or damages to be imposed, under applicable law. Neither the Purchaser nor any of its affiliates, members, officers, directors, shareholders or any of its or their respective successors or assigns is an “insider” or “affiliate” of any of the Defendants or the Receiver, and the Purchaser’s professionals, agents, and other representatives have acted in good faith in negotiating and entering into the APA.

K. The Purchaser is making such purchase in good faith and is a good-faith purchaser under applicable law and, as such, is entitled to all of the protections afforded thereby and otherwise has proceeded in good faith in all respects in connection with this proceeding in that: (i) the Purchaser recognized that the Receiver was free to deal with any other party interested in acquiring the Purchased Assets and did not attempt to limit the Receiver’s freedom; (ii) the Purchaser did not in any way induce or cause the filing of this Receivership Action; (iii) the Purchaser made the highest or otherwise best bid for the Purchased Assets, which was subsequently open to higher and better bids; and (iv) the negotiation and execution of the APA and any other agreements or instruments related thereto were in good faith and at arms’ length between the Purchaser, without insider influence or improper conduct by the Purchaser, absent evidence of fraud, collusion, or bad faith on the part of the Purchaser, nor evidence of the Purchaser doing anything to control or otherwise influence the marketing or sale process, including anything to control or otherwise influence the purchase price paid for the Purchased Assets.

VI. Highest and Best Offer

L. The offer of the Purchaser on the terms and conditions set forth in the APA, including the total consideration to be realized by the Receiver, is: (i) the highest and best offer received by the Receiver after extensive marketing, including by providing the highest economic

value available to the Receivership Estate and will provide a greater recovery for the Receivership Estate than would be provided by any other available alternative, and (ii) in the best interests of the Receivership Estate, the Defendants, their creditors, their stakeholders, and other parties in interest. Taking into consideration all relevant factors and circumstances, no other entity has offered to purchase the Purchased Assets for greater economic value to the Receiver or the Receivership Estate. The Receiver has demonstrated sufficient basis to enter the APA and sell the Purchased Assets on the terms outlined therein. All such actions are appropriate, valid, reasonable, and sound exercises of the Receiver's business judgment consistent with their fiduciary duties and in the best interests of the Receivership Estate, the Defendants, their creditors, their estates, and other parties in interest. Approval of the Motion and the APA and the consummation of the Sale pursuant to the APA is in the best interests of the Receivership Estate, the Defendants, their creditors, their estates, and other parties in interest.

M. Good and sufficient reasons for approval of the APA and the transactions to be consummated in connection therewith have been articulated by the Receiver. The Receiver has demonstrated compelling circumstances for the Sale outside the ordinary course of business, in that, among other things, the immediate consummation of the Sale to the Purchaser is necessary and appropriate to preserve and to maximize the value of the Receivership Estate. To maximize the value of the Purchased Assets, it is essential that the consummation of the Sale occur promptly.

VII. No Successor Liability

N. By virtue of the consummation of the Sale or otherwise, (i) the Sale is not an express or implied assumption of any liability of the Defendants or the Receiver by the Purchaser other than an expressly set forth in the APA (ii) the Purchaser is not a continuation of the Receiver or Defendants or their respective businesses, operations or any of their enterprises,

there is no continuity between the Purchaser and the Defendants or the Receiver, there is no common identity of ownership between the Purchaser and the Defendants or the Receiver, there is no continuity of enterprise between the Purchaser and the Defendants or Receiver, and Purchaser does not have a common identity of incorporators, directors, or equity holders with the Defendants or Receiver, (iii) the Purchaser is not holding itself out to the public as a continuation of the Receiver or the Defendants or their respective businesses, operations or any of their enterprises, including, but not limited to, as to any warranty or similar obligations, and (iv) the Sale does not amount to a consolidation, merger, or *de facto* consolidation or merger of the Purchaser and the Receiver or any of the Defendants or their respective estates.

O. The Purchaser is not, and shall not be considered, a successor to the Defendants, the Receiver, or the Receivership Estate. The Purchaser shall have no successor liability whatsoever with respect to the Defendants, the Receiver, or the Receivership Estate, or their respective creditors, equity holders, and interested parties. The Purchaser shall have no liability and shall not become liable for any liabilities, debts or obligations of the Defendants, the Receiver, or the Receivership Estate including by reason of, without limitation, any theory of law or equity, including, but not limited to, under any federal, state or local statute, regulation, administrative decision, or common law, or revenue, pension, ERISA, OSHA, tax, labor, employment, environmental, escheat or unclaimed property laws, or other law, rule or regulation (including, without limitation, filing requirements under any such laws, rules, or regulations), or under any products liability law or doctrine, or under any product warranty liability law or doctrine. For the avoidance of doubt, the Purchaser and its affiliates shall have no liability, debts or obligations resulting from the Sale, the Sale Transactions, the APA, this Order, or otherwise for the Defendants', the Receiver's, or the Receivership Estate's liabilities, debts or obligations

(and the Purchaser shall not be deemed, to be a “successor employer”), including, without limitation, under any of the following: the Workers Adjustment and Retraining Act, 929 U.S.C. §§ 210 et seq., the Internal Revenue Code of 1986, Title VII of the Civil Rights Act of 1964, as amended, the Federal Rehabilitation Act of 1973, the Age Discrimination and Employee Act, the Age Discrimination in Employment Act, the Worker Adjustment and Retraining Act of 1988, the Americans with Disability Act, the Family Medical Leave Act, the National Labor Relations Act, the Labor Management Relations Act, the Older Workers Benefit Protection Act, the Equal Pay Act, the Employee Retirement Income Security Act, the Multiemployer Pension Protection Act, the Pension Protection Act, the Occupational Safety and Health Act, the WARN Act, the Comprehensive Environmental Response Compensation and Liability Act, any other foreign, federal, state or local environmental, tax, labor, or employment law, any bulk sales or similar law, the Fair Labor Standards Act, state discrimination laws, State unemployment laws, any employment or labor agreement, any lease, deed of trust, mortgage, security agreement or interest, pension or medical plan, compensation or other employee benefit plan, any severance, retention or other bonus, any other employee, worker’s compensation, unemployment, or disability plan or claim, or any warranty agreement or program, or any and all theories of successor liability including, without limitation, any theories on successor products liability grounds or otherwise.

P. The Purchaser is not implicitly assuming any liabilities of the Defendants or the Receiver by virtue of the Sale, the APA, or this Order. Purchaser is only assuming those liabilities of the Defendants and the Receiver expressly defined as “Assumed Liabilities” in the APA.

No Fraudulent Transfer

Q. The APA was not entered into by the Purchaser and the Receiver for the purpose of hindering, delaying, or defrauding creditors (including under applicable federal or state fraudulent conveyance or fraudulent transfer laws), nor are they entering into or consummating the Sale Transactions contemplated by the APA fraudulently (including under applicable federal or state fraudulent conveyance or fraudulent transfer laws). The total consideration to be realized by the Receivership Estate under the APA constitutes full and adequate consideration, is fair and reasonable and constitutes reasonably equivalent value, fair consideration, and fair value for the Purchased Assets (including under applicable federal or state fraudulent conveyance or fraudulent transfer laws).

VIII. Sale Free and Clear of Liens, Claims, Encumbrances, Interests, and Liabilities

R. The transfer of each of the Purchased Assets to the Purchaser will be, as of the Closing Date, a legal, valid, and effective transfer of the Purchased Assets, and vests or will vest in the Purchaser all right, title, and interest of the Defendants and the Receiver in, to, and under the Purchased Assets free and clear of all Liens, Claims, Liabilities, and interests other than Assumed Liabilities as set forth in the APA. Upon such transfer, the Purchaser shall have good and valid title to the Purchased Assets free and clear of all Liens, Claims, Liabilities, and interests other than Assumed Liabilities as set forth in the APA.

S. This Order shall be effective as a determination that, upon the closing of the Sale, the Purchaser shall not be responsible for any Lien or Claim of any kind or nature whatsoever existing as to the Defendants, the Receiver, or the Purchased Assets.

T. The transfer of the Purchased Assets to the Purchaser free and clear of all Liens, Claims, Liabilities, and interests will not result in any undue burden or prejudice to any holders of any Liens or Claims because each Lien, Claim, Liability, and interest shall attach to the

consideration to be paid by the Purchaser and received by the Receiver in the same priority and subject to the same rights, claims, and defenses that the Receiver or the Receivership Estate and its creditors, as applicable, may possess with respect thereto, if any, as before the Closing.

IX. Free and Clear Sale Is Necessary

U. The Purchaser would not have entered into the APA and would not consummate the transactions contemplated thereby if the sale of the Purchased Assets to the Purchaser were not, except as otherwise provided in the APA with respect to the Assumed Liabilities, be free and clear of all Liens, Claims, Liabilities, and interests of any kind or nature whatsoever, or if the Purchaser would, or in the future could (except and only to the extent expressly provided in the APA and with respect to the Assumed Liabilities), be liable for any and Liens or Claims asserted against, or Liabilities of, the Defendants or the Purchased Assets.

X. Compelling Circumstances for an Immediate Sale

V. Good and sufficient reasons for approval of the APA and the Sale have been articulated. To maximize the value of the Receivership Property, it is essential that the Sale be approved and the Sale Transactions occur promptly within the time constraints set forth in the APA. Time is of the essence in effectuating the APA and consummating the Sale, both to preserve and maximize the value of the Purchased Assets for the benefit of the Defendants, the Receivership Estate, their creditors, their estates, and other parties in interest, and all other parties in interest in this Receivership Action and to provide the means for the Receiver to maximize recoveries. As such, the Receiver and the Purchaser intend to close the Sale of the Assets as soon as reasonably practicable subject to the terms of the APA. The Receiver has demonstrated both compelling circumstances and a good, sufficient, and sound business purpose and justification for immediate approval and consummation of the APA. Accordingly, there is good cause to waive the stay contemplated by applicable law.

IT IS THEREFORE ORDERED, ADJUDGED, AND DECREED THAT:

General Provisions

1. The Motion is GRANTED and the Sale is APPROVED, subject to the terms and conditions contained in this Order. The findings and conclusions set forth above in this Order and at any hearing (to the extent not inconsistent with this Order) are incorporated fully herein as if fully set forth herein and ordered, adjudged, and decreed hereby.

2. All objections and responses to the Motion and the Sale, including all reservations of rights included therein, that have not previously been overruled, withdrawn, waived, settled, continued, or resolved, are hereby overruled and denied on the merits. Those parties who did not object or who withdrew their objections to the Motion are deemed to have waived any objection and consented to the Motion and the Sale and the entry of this Order.

3. The Purchaser is a good-faith purchaser and, as such, is entitled to all of the protections afforded thereby and otherwise has proceeded in good faith in all respects in connection with the Sale. Accordingly, the reversal or modification on appeal of the authorization provided herein to consummate the Sale shall not affect the validity of the Sale, unless such authorization and such Sale are duly stayed pending such appeal.

4. The entry of this Order is in the best interests of the Receivership Estate, its creditors, and other stakeholders thereof and other parties in interest.

Approval of the APA

5. The APA, the Notices, and all other ancillary documents related to the APA or the Notices, or contemplated by the APA and this Order as may be reasonably necessary or appropriate to the performance of the obligations as contemplated by the APA (collectively, the “Sale Documents”), and all of the respective terms and conditions of the Sale Documents are

approved. The Receiver is authorized and directed to enter into the APA and the other Sale Documents to be executed in connection with the APA as may be necessary to consummate the Sale and to perform their obligations thereunder, and the Receiver's prior execution and delivery of the APA and any other Sale Documents are ratified and approved.

6. The Receiver and the Purchaser acting by and through their existing agents, representatives, and officers are authorized, empowered and directed, without further order of this Court and in accordance with the terms and conditions of the APA and this Order, to use their reasonable best efforts to take any and all actions necessary or appropriate to (a) consummate and close the Sale, (b) transfer and assign all rights, title, and interest to all assets, property, licenses, and rights of the Defendants and Receiver to be conveyed under the APA, and (c) perform under, consummate, implement, and close fully the APA and the Sale Transactions, including any other Sale Documents. Neither the Purchaser nor the Receiver shall have any obligation to proceed with the Closing under the APA until all conditions precedent to their obligations to do so have been met, satisfied, or waived, except as otherwise contemplated and provided for in the APA and this Order.

Binding Effect

7. This Order, the APA, and the other Sale Documents shall be binding in all respects upon (a) the Receiver, the Defendants, the Receivership Estate, (b) all holders of equity interests in the Defendants and the Receivership Estate, (c) all holders of Liens or Claims (whether known or unknown) (i) against any Defendant, the Receiver, or the Receivership Estate, and (ii) on all or any portion of the Purchased Assets, (d) all contract counterparties, (e) the Purchaser, and all successors and assigns of the Purchaser, and the Purchased Assets, and (f) all successors and assigns of the Defendants, and shall not be subject to rejection or unwinding.

8. This Order and the APA shall inure to the benefit of the Receivership Estate, its creditors, and other parties in interest, the Purchaser and their respective successors and assigns.

Sale and Transfer of the Purchased Assets Free and Clear

9. The Receiver is authorized and directed to transfer the Purchased Assets to the Purchaser on the Closing Date. The transfer of the Defendants' and Receiver's rights, title, and interest in the Purchased Assets to the Purchaser pursuant to the APA and this Order shall be deemed transferred to the Purchaser upon and as of the Closing Date, and such transfer of the Purchased Assets and the consummation of the Sale and any related actions contemplated thereby constitute a legal, valid, binding, and effective transfer of the Defendants' right, title, and interest in the Purchased Assets and shall vest the Purchaser with all the rights, title and interest of the Defendants and the Receiver in and to the Purchased Assets free and clear of all Liens, Claims, Liabilities and interests (except Assumed Liabilities). Upon the Closing, the Purchaser shall take title to and possession of the Purchased Assets subject only to the Assumed Liabilities. The transfer of title to the Purchased Assets and the assumption and assignment of the Assigned Contracts shall be free and clear of all Liens, Claims, Liabilities, and interests including, without limitation, all Claims pursuant to any successor or successor-in-interest liability theory, except for Assumed Liabilities.

10. On the Closing Date, this Order shall be construed and shall constitute for any and all purposes a full and complete general assignment, conveyance, and transfer of all of the Defendants' and Receiver's rights, title, and interest in the Purchased Assets or a bill of sale transferring good and marketable title in such Purchased Assets to the Purchaser on the Closing Date pursuant to the terms of the APA and this Order, free and clear of all Liens, Claims, Liabilities, and interests (other than Assumed Liabilities). Notwithstanding the foregoing, if the Purchaser requests, then the Receiver shall deliver, or cause to be delivered, to the Purchaser:

(a) executed bills of sale and such other instruments of transfer conveying the Purchased Assets to the Purchaser, in form and content reasonably satisfactory to the Purchaser; (b) to the extent applicable, an executed assignment assigning all of the Defendants' rights and obligations under the contracts transferred pursuant to the APA (if any), in form and content reasonably satisfactory to the Purchaser; and (iii) such other documents and certificates as the Purchaser may reasonably request to transfer the Purchased Assets. For the avoidance of doubt, the Excluded Assets set forth in the APA are not included in the Purchased Assets, and the Excluded Liabilities set forth in the APA and herein are not Assumed Liabilities.

11. Except with respect to Assumed Liabilities, all persons and entities holding Claims against the Defendants and/or Receivership Estate or Claims against or Liens on any portion of the Purchased Assets, are hereby forever barred, estopped, and permanently enjoined from asserting against the Purchaser or its successors or assigns, their property, or the Purchased Assets such persons' or entities' Claims against the Defendants and/or Receivership Estate or Liens or Claims in and to the Purchased Assets. On and after the Closing Date, each creditor is authorized and directed to execute such documents and take all other actions as may reasonably be deemed by the Purchaser to be necessary or desirable to evidence the release of Liens or Claims, if any, as provided for herein and in the APA, as such Claim or Lien may have been recorded or may otherwise exist; provided, however, any failure to do so shall not in any way effect the validity of any free and clear transfer pursuant to this Order.

12. Effective upon the Closing Date, all persons and entities are forever prohibited and permanently enjoined from commencing or continuing in any manner any action or other proceeding, whether in law or equity, in any judicial, administrative, arbitral, or other proceeding against the Purchaser or its affiliates, successors or assigns or their respective properties, or the

Purchased Assets, with respect to any (a) Liens, Claims, and Liabilities (other than Assumed Liabilities) against the Defendants, the Receiver, or the Purchased Assets, or the operation of the Purchased Assets by the Defendants prior to the Closing or (b) claims of successor liability including, without limitation, those based in whole or in part, directly or indirectly, on any theory of successor or vicarious liability, or any similar theories of any kind of character, or based upon any theory of antitrust, environmental, successor or transferee liability, *de facto* merger or substantial continuity, labor and employment, or products liability, whether known or unknown as of the Closing, legal or equitable, now existing or hereafter arising, asserted or unasserted, fixed or contingent, or liquidated or unliquidated, including, without limitation, the following actions: (i) commencing or continuing in any manner any action or other proceeding against the Purchaser, or its affiliates, successors or assigns or their respective assets or properties; (ii) enforcing, attaching, collecting or recovering in any manner any judgment, award, decree, or order against the Purchaser, or its affiliates, successors or assigns or their respective assets or properties; (iii) creating, perfecting, or enforcing any Liens or Claims against the Purchaser, or its affiliates, successors or assigns or their respective assets or properties; (iv) asserting any setoff, right of subrogation, or recoupment of any kind against any obligation due to the Purchaser, or its affiliates, successors or assigns or their respective assets or properties; (v) commencing or continuing any action, in any manner or place, that does not comply or is inconsistent with the provisions of this Order or other orders of the Court, or the agreements or actions contemplated or taken in respect thereof; or (vi) revoking, terminating, or failing or refusing to renew any license, permit, service, or authorization to operate any of the Purchased Assets or conduct any of the businesses operated with the Purchased Assets, in each case under

the prior clauses (i) through (vi), solely with respect to events or conditions occurring prior to the Closing Date, and excluding Assumed Liabilities, liabilities assumed under Assigned Contracts.

Proceeds of Sale

13. This Order is and shall be effective as a determination that, as of the Closing Date, all Liens and Claims of any kind or nature whatsoever on or against the Purchased Assets shall have been, and are, unconditionally released, discharged, and terminated. Further, this Order is and shall be effective as a determination that, as of the Closing Date, the conveyances described herein have been effected, and all such Liens and Claims that were on or against the Purchased Assets are to attach to any net proceeds received by the Receivership Estate in connection with the Sale with the same validity, force, and effect, and in the same order of priority, which such Liens or Claims previously had against such Purchased Assets, subject to any rights, claims, and defenses that the Receiver or the Receivership Estate and its creditors, as applicable, may possess with respect thereto.

Turnover

14. All persons and entities that are presently, or as of the Closing Date may be, in possession of some or all of the Purchased Assets are hereby directed to surrender possession of such Purchased Assets to the Purchaser on or as soon as practicable after the Closing Date. To the extent that any such person or entity fails or refuses to surrender possession of such Purchased Assets on or after the Closing Date, the Purchaser has the right to commence a turnover action and have it considered by this Court on an expedited basis.

15. If any person or entity that has filed statements or other documents or agreements evidencing Liens or Claims in all or any portion of the Purchased Assets has not delivered to the Defendants and/or the Receiver prior to the Closing Date, in proper form for filing and executed by the appropriate parties, termination statements, instruments of satisfaction,

releases of Liens and Claims and any other documents necessary or desirable to the Purchaser for the purpose of documenting the release of all Liens and Claims (other than Assumed Liabilities), which the person or entity has or may assert with respect to all or any portion of the Purchased Assets, then the Purchaser and the Receiver are hereby authorized to execute and file such statements, instruments, releases and other documents in the name and on behalf of such person or entity with respect to the Purchased Assets; provided that, notwithstanding anything in this Order or the APA to the contrary, the provisions of this Order shall be self-executing, and neither the Receiver nor the Purchaser shall be required to execute or file releases termination statements, assignments, consents, or other instruments in order to effectuate, consummate, and implement the provisions of this Order.

16. Upon the Closing, and unless otherwise specifically provided for herein or in the APA, those parties holding Liens or Claims related to the Purchased Assets shall, at Purchaser's direction, execute or authenticate such documents and instruments and take all other action as may be necessary to release such Liens or mortgages on or security interests in the Purchased Assets, as may have been recorded or may otherwise exist. The Receiver is further authorized to execute such documents and instruments and take all other actions as may be necessary to effectuate the terms of the APA and this Order including such actions as may be necessary to comply with all regulatory and licensing requirements.

Governmental Authorities

17. As of the Closing Date, to the fullest extent permitted by law, the Purchaser is authorized to operate under any insurance policy of the Defendants constituting Purchased Assets.

18. This Order is and shall be binding upon and govern the acts of all persons and entities, including, without limitation, all filing agents, filing officers, title agents, title

companies, recorders of mortgages, recorders of deeds, registrars of deeds, administrative agencies, governmental departments, secretaries of state, federal and local officials and all other persons and entities who may be required by operation of law, the duties of their office, or contract, to accept, file, register or otherwise record or release any documents or instruments, or who may be required to report or insure any title or state of title in or to any lease, and each of the foregoing persons and entities is hereby authorized and directed to accept for filing any and all of the documents and instruments necessary and appropriate to consummate the transactions contemplated by the APA.

21. The Assigned Contracts shall be transferred to and remain in full force and effect for the Purchaser's benefit in accordance with their respective terms, notwithstanding any provision in any such Assigned Contract that prohibits, restricts, or conditions such assignment

or transfer. Any default by Defendants or the Receiver under any Assigned Contract is deemed waived. The Defendants and/or Receiver shall be relieved from any further liability with respect to such Assigned Contracts after their assumption and assignment to the Purchaser. All objections to the assumption and assignment of the Assigned Contracts that have not been withdrawn, waived, settled, or adjourned, as announced to the Court at any hearing or by stipulation filed with the Court, and all reservations of rights included in such objections or otherwise, are hereby denied and overruled on the merits with prejudice.

23. The failure of the Defendants, Receiver, or the Purchaser to enforce, at any time, one or more terms or conditions of any Assigned Contract shall not be a waiver of such terms or conditions, or of the Defendants', Receiver's, or the Purchaser's rights to enforce every term and condition of the Assigned Contract.

24. With respect to the Defendants' real property lease maintained at operations in Loveland, Colorado (the "**Lease**"), the landlord to such Lease may not exclude Receiver or Purchaser from the property identified in the Lease for so long as the Receiver and/or Purchaser are paying all rental obligations existing under the Lease pursuant to the terms of the Lease.

25. The Receiver shall maintain and not terminate the Transition Contracts, and the Purchaser shall have reasonable access to and use of the systems governed by the Transition Contracts, for the periods of time set forth in the APA.

Miscellaneous Provisions

26. The APA and any related or ancillary agreements, documents or other instruments may be further modified, amended, or supplemented by the parties thereto and in accordance with the terms thereof, without further order of the Court. The APA shall not be altered, amended, rejected, discharged, or otherwise affected without the prior written consent of the Receiver and the Purchaser.

27. Absent the express written consent of the Purchaser, the Receiver shall not settle or otherwise resolve any causes of action with any third party or any governmental authority other than any settlement pursuant to which (a) no payment from the Purchaser is sought or required and (b) no restrictions, obligations, or liabilities are placed on or affecting the Purchaser or Purchased Assets.

28. The transactions authorized herein shall be of full force and effect, regardless of any Defendants' lack of good standing in any jurisdiction in which such Defendant is formed or authorized to transact business.

29. In the event of any inconsistency between this Order and the APA, this Order governs. The failure to include any particular provision of the APA or the related agreements in this Order will not diminish the effectiveness of such provision, it being the intent of the Court that the APA be authorized and approved in its entirety.

30. The provisions of this Order are non-severable and mutually dependent.

31. This Order shall become null and void if the Closing does not occur on the terms and conditions provided for in the APA or the Order.

32. This Court shall retain jurisdiction to, among other things, interpret, implement, and enforce the terms and provisions of this Sale Order, the APA, the Sale, and the Sale

Documents, and to adjudicate any and all disputes concerning or relating in any way to the foregoing.

33. For cause shown, this Order is effective and enforceable immediately and its provisions are self-executing upon entry notwithstanding any other applicable provision under the law.
