Safety Recall 23S59

Good afternoon,

I am following up in connection to my recent voicemail regarding a Do Not Drive Recall for your 2023 Ford Super Duty. There is a manufacturing concern with the front wheel extenders on your vehicle that could result in vibration and the potential for one of the front wheels to detach from the vehicle while driving. Please call your dealer as soon as possible to remedy this recall. Any questions, feel free to give us a call back at 833-807-3673.

We sincerely apologize for the inconvenience and value you as a loyal member of the Ford family.

The Ford logo, consisting of the word "Ford" in a stylized script font inside a blue oval with a white border.
