Mfr's Report Date: February 12, 2024

NHTSA Campaign Number: 24V-104

Components:
ELECTRONIC STABILITY CONTROL
SERVICE BRAKES

Potential Number of Units Affected: 79,670

Problem Description:
BMW of North America, LLC. (BMW) is recalling certain 2023 X1 xDrive28i, 2024 X5 sDrive40i, X5 xDrive40i, X5 M60i, X5M, X5 xDrive50e, X6 xDrive40i, X6M60i, X6M, 2023-2024 X7 xDrive40i, X7 M60i, X7 M60i, XB7, XM, 740i, 740i xDrive, 760i xDrive, i7 eDrive50, i7 xDrive60, i7 M70, 2024 530i, 530i xDrive, i5 eDrive40, i5 M60, 750e xDrive, and Rolls Royce Spectre vehicles. The integrated brake (IB) system may malfunction and result in a loss of power brake assist or cause the Antilock Brake (ABS) and Dynamic Stability Control (DSC) systems to not function properly.
Consequence:
A loss of power brake assist can extend the distance required to stop the vehicle. Additionally, malfunctioning ABS and/or DSC systems can cause a loss of vehicle control. Either of these scenarios can increase the risk of a crash.

Remedy:
Dealers will replace the integrated brake system, free of charge. Owner notification letters are expected to be mailed April 5, 2024. Owners may contact BMW customer service at 1-800-525-7417 or Rolls Royce customer service at 1-877-877-3735.

Notes:
Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

BMW of North America, LLC’s contact for this recall will be DeMara Magruder who may be reached by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,
