**Components:**

ELECTRICAL SYSTEM:WIRING

**Potential Number of Units Affected:** 828

**Problem Description:**

Daimler Vans USA, LLC (DVUSA) is recalling certain 2023 Mercedes-Benz Sprinter vehicles. The main wiring harness may chafe against the drive shaft and short circuit, which can result in a loss of drive power, power steering, and brake system control.

**Consequence:**

A short circuit increases the risk of a fire. In addition, a loss of drive power, power steering, and brake system control increases the risk of a crash.

Dealers will inspect the routing of the main wiring harness and correct it, as necessary, free of charge. Owner notification letters are expected to be mailed April 29, 2024. Owners may contact DVUSA customer service at 1-877-762-8267. DVUSA's number for this recall is VS3BEFHAU.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
