Subject: Air Bag Malfunction Warning Light Failure

Dear Mr. Healey:

This letter serves to acknowledge Faraday Future Eco Sales Co. LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FARADAY FUTURE/FF-91 ALLIANCE/2023

Mfr's Report Date: March 1, 2024

NHTSA Campaign Number: 24V-173

Components:

AIR BAGS:SRS MALFUNCTION WARNING LAMP/LIGHT
ELECTRICAL SYSTEM:SOFTWARE

Potential Number of Units Affected: 11

Problem Description:

Faraday Future Eco Sales. LLC (FF) is recalling certain 2023 Faraday Future FF 91 2.0 Alliance vehicles. A software error may prevent the air bag malfunction warning light from illuminating when a system fault is detected in the Airbag Control Unit (ACU).

Consequence:

A warning light that fails to indicate a problem with air bag deployment can increase the risk of injury during a crash.

Remedy:

FF will deploy an over-the-air (OTA) iHUB module software update, free of charge. Owner notification letters are expected to be mailed March 15, 2024. Owners may contact Faraday customer service at 1-800-228-7702. FF's number for this recall is 24-90-32-01.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please ensure the following requirements are met:

Per the requirements of 573.6(c)(2)(iv), please provide the supplier name, contact information, address and country of origin (if known) for the affected component(s). If your company manufactured the component itself, then please state so in 573.

AMENDED 573 REQUIRED.

We have received FF's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Faraday Future Eco Sales Co. LLC's contact for this recall will be Sarah Shiver who may be reached by email at sarah.shiver@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
