Mr. Kevin Van Bronkhorst  
Winnebago Towable  
13200 Pioneer Trail  
Eden Prairie, MN 55347

NEF-107KL  
24V-247

**Subject:** GFCI Outlet Wired Incorrectly

Dear Mr. Van Bronkhorst:

This letter serves to acknowledge Winnebago Towable's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**  
WINNEBAGO/ACCESS/2024

**Mfr's Report Date:** April 3, 2024

**NHTSA Campaign Number:** 24V-247

**Components:**  
EQUIPMENT:RECREATIONAL VEHICLE/TRAILER:120/240 VAC ELECTRICAL SYSTEM:GFCI/AFCI

**Potential Number of Units Affected:** 94

**Problem Description:**

Winnebago Towable (Winnebago) is recalling certain 2024 Access travel trailers. The electrical circuits for the GFCI outlets may have been wired incorrectly, which can cause the outlets to not be protected.

**Consequence:**

An unprotected GFCI outlet increases the risk of electrical shock or injury.

**Remedy:**

Dealers will rewire the GFCI circuitry by adding a GFCI outlet upstream of the outlets that need protection, free of charge. Owner notification letters are expected to be mailed May 13, 2024. Owners may contact Winnebago customer service at 1-574-825-5280 ext. 5220. Winnebago's number for this recall is CAM0000036.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

**Please ensure the following requirements are met.**

Per the requirements of 49 USC 30119, please provide the part number, name and description of the component or components involved in this recall. This information should be provided in an amended 573 in the "Involved Components" section.

**AMENDED 573 REQUIRED.**

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Winnebago Towable's contact for this recall will be Kristin Lepper who may be reached by email at [kristin.lepper@dot.gov](mailto:kristin.lepper@dot.gov). We look forward to working with you.

Sincerely,

Alex Ansley  
Chief, Recall Management Division  
Office of Defects Investigation  
Enforcement
