This letter serves to acknowledge Autocar, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Makes/Models/Model Years:
AUTOCAR/LEGEND/2020-2024

Mfr's Report Date: April 11, 2024

NHTSA Campaign Number: 24V-262

Components:
EXTERIOR LIGHTING:HAZARD FLASHING WARNING LIGHTS:SWITCH

Potential Number of Units Affected: 398

Problem Description:
Autocar, LLC (Autocar) is recalling certain 2020-2024 DC (Legend) vehicles. The hazard warning lights may not function independent of the ignition switch. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 108, "Lamps, Reflective Devices, and Associated Equipment."

Consequence:
Warning lights that do not illuminate when the ignition switch is in the OFF position can reduce the vehicle's visibility to other drivers, increasing the risk of a crash.

Remedy:
Dealers will update the software, free of charge. Owner notification letters are expected to be mailed June 6, 2024. Owners may contact Autocar customer service at 1-888-218-3611. Autocar's number for this recall is DC-2402.

Notes:
Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
