24V-263

Subject: Inadequate Clearance Between Axle and Frame

Dear Mr. Carolus:

This letter serves to acknowledge Keystone RV Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

DUTCHMEN/ASPEN TRAIL LOFT/2024
KEYSTONE/HAMPTON/2024
KEYSTONE/RESIDENCE/2024
KEYSTONE/RETREAT/2024

Mfr's Report Date: April 11, 2024

NHTSA Campaign Number: 24V-263

Components:

SUSPENSION: MULTIPLE AXLE

Potential Number of Units Affected: 214

Problem Description:

Keystone RV Company (Keystone) is recalling certain 2024 Keystone Retreat, Residence 40CLDL, Residence 401CLDL, Dutchmen Aspen Trail 421LOFT, and Crossroads Hampton 390PVL trailers. The equalizer may provide inadequate clearance, allowing the axle to contact the frame.

Consequence:

Contact between the axle and the frame increases the risk of a crash.

Remedy:

Dealers will replace the equalizer, free of charge. Owner notification letters are expected to be mailed May 31, 2024. Owners may contact Keystone customer service at 1-8696-425-4369. Keystone's number for this recall is 24-453.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Keystone RV Company's contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
