24V-345

Subject: Seat Belt System Malfunction/FMVSS 208

Dear Mr. Gannon:

This letter serves to acknowledge BMW of North America, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

BMW/ALPINA XB7/2025
BMW/X5/2025
BMW/X6/2025
BMW/X7/2025
BMW/XM/2024

Mfr's Report Date: May 15, 2024

NHTSA Campaign Number: 24V-345

Components:

SEAT BELTS:FRONT

Potential Number of Units Affected: 3,256

Problem Description:

BMW of North America, LLC (BMW) is recalling certain 2024 XM, 2025 BMW X5 sDrive40i, X5 xDrive40i, X5 M60i, X5 M, X5 xDrive50e, X6 xDrive40i, X6 M60i, X6 M, X7 xDrive40i, X7 M60i, and Alpina XB7 vehicles. The seat belt system may inaccurately detect that passengers are belted, preventing the seat belt warning light from illuminating and possibly causing the supplemental restraint system to not deploy as intended during a crash. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 208, "Occupant Crash Protection."

Consequence:

A seat belt warning light that does not alert occupants of an unbelted seat belt or an SRS system that deploys improperly can both increase the risk of injury in a crash.

Remedy:

Dealers will inspect and replace the front seat lower seat belts as necessary, free of charge. Owner notification letters are expected to be mailed July 5, 2024. Owners may contact BMW customer service at 1-800-525-7417.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

BMW of North America, LLC's contact for this recall will be DeMara Magruder who may be reached by email at demara.magruder@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
Office of Defects Investigation
