Subject: Incorrectly Wired 12-Volt System May Cause Fire

Dear Mr. Hess:

This letter serves to acknowledge Brinkley RV's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

BRINKLEY RV/MODEL Z/2023-2024

Mfr's Report Date: June 25, 2024

NHTSA Campaign Number: 24V-476

Components:

ELECTRICAL SYSTEM:WIRING
EQUIPMENT:APPLIANCE:REFRIGERATOR

Potential Number of Units Affected: 3,157

Problem Description:

Brinkley RV (Brinkley) is recalling certain 2023-2024 Model Z fifth wheels and Model Z-Air travel trailers. The 12-volt system may have been incorrectly wired without overcurrent protection and with undersized wiring for the refrigerator, which can result in overheating.

Consequence:

Overheated wiring can increase the risk of a fire.

Remedy:

Dealers will replace the wiring, free of charge. Owner notification letters are expected to be mailed in July 2024. Owners may contact Brinkley customer service at 1-574-501-4280. Brinkley's number for this recall is REC-2402.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

We have received Brinkley's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Brinkley RV's contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
