**Problem Description:**

Chrysler (FCA US, LLC) is recalling certain 2017-2018 Pacifica Plug-In Hybrid Electric (PHEV) vehicles that received a software update remedy under NHTSA recall number 22V-077. The battery pack may cause a vehicle fire when parked, even with the ignition in the "Off" position.

**Remedy:**

Owners are advised not to charge their vehicles, and to park outside and away from structures, until they are repaired. Repairs will be performed free of charge. Owner notification letters are expected to be mailed September 6, 2024. Owners may contact FCA US LLC customer service at 1-800-853-1403. FCA US LLC's number for this recall is 73B. Vehicles previously repaired under recall 22V-077 will need to have the new remedy completed.
