Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Mfr's Report Date: August 6, 2024

NHTSA Campaign Number: 24V-582

Components:

EXTERIOR LIGHTING:HEADLIGHTS

Potential Number of Units Affected: 1,119

Problem Description:

Nissan North America, Inc. (Nissan) is recalling certain 2024 Nissan Frontier vehicles. The right-side headlight assemblies may have missing or illegible headlight aim markings, which can result in improperly aimed headlights. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 108, "Lamps, Reflective Devices, and Associated Equipment."

Consequence:

Improperly aimed headlights can result in insufficient illumination of the road, decreasing the driver's visibility and increasing the risk of a crash.

Remedy:

Dealers will inspect and replace the right-side headlight as necessary, free of charge. Owner notification letters are expected to be mailed September 20, 2024. Owners may contact Nissan customer service at 1-800-867-7669. Nissan's number for this recall is PD121.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
