Mfr's Report Date: August 13, 2024

NHTSA Campaign Number: 24V-607

Components:

STRUCTURE

Potential Number of Units Affected: 4,665

Problem Description:

REV Recreation Group (REV) is recalling certain 2019-2025 Holiday Rambler Admiral, 2018 Holiday Rambler Admiral XE, Fleetwood Storm, 2023-2025 Holiday Rambler Eclipse, Fleetwood Flex, 2018-2025 Fleetwood Flair, 2020-2024 Fleetwood Fortis, 2020-2025 Holiday Rambler Invicta, 2018-2023 Fleetwood Pace Arrow, and 2018-2019 Holiday Rambler Vacationer XE motorhomes, equipped with the HappiJac drop down bed option. The front overhead cabinet fasteners can break, allowing the overhead cabinet to detach.

Consequence:

A cabinet that detaches while the vehicle is in motion can distract the driver, increasing the risk of a crash.

Remedy:

Dealers will inspect and install new hardware and fasteners as necessary, free of charge. Owner notification letters are expected to be mailed October 12, 2024. Owners may contact REV customer service at 1-800-509-3417. REV's number for this recall is 240809REV.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

REV Recreation Group's contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,
