Please review the following information to ensure that it conforms to your records as this information is being made available to the public. STORYTELLER OVERLAND/GXV HILT/2024

Mfr's Report Date: September 11, 2024

NHTSA Campaign Number: 24V-671

Components:

STRUCTURE:CRITICAL FASTENERS

TIRES:TEMPORARY/EMERGENCY SPARE TIRE

Potential Number of Units Affected: 14

Problem Description:

Storyteller Overland, LLC (Storyteller Overland) is recalling certain 2024 GXV Hilt vehicles. The spare tire mount may not be secured properly, allowing the spare tire to detach from the vehicle.

Consequence:

A detached spare tire can become a road hazard, increasing the risk of a crash.

Remedy:

Dealers will replace the tire mount, free of charge. Owner notification letters are expected to be mailed November 8, 2024. Owners may contact Storyteller Overland customer service at 1-888-999-7442.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
