**Potential Number of Units Affected:** 180

**Problem Description:**

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain 2024 Defender, Discovery Sport, Range Rover, Range Rover Evoque, Range Rover Velar, and Range Rover Sport vehicles. The Near Field Sensing Module (NFSM) may overheat and cause the 3D surround camera images, including the rearview camera image, not to display.

**Consequence:**

A rearview camera image that does not display can decrease the driver's visibility, increasing the risk of injury or crash.

**Remedy:**

Dealers will replace the NFSM, free of charge. Owner notification letters are expected to be mailed October 25, 2024. Owners may contact Land Rover customer service at 1-800-637-6837. Land Rover's number for this recall is N927.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
