**Subject:** Rearview Camera Image May Not Display

Dear Mr. Single:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

FORD/F-250 SD/2023-2024  
FORD/F-350 SD/2023-2024  
FORD/F-450 SD/2023-2024

**Mfr's Report Date:** October 25, 2024

**NHTSA Campaign Number:** 24V-806

**Components:**

BACK OVER PREVENTION: SENSING SYSTEM: CAMERA  
STRUCTURE:BODY:TAILGATE

**Potential Number of Units Affected:** 24,950

**Problem Description:**

Ford Motor Company (Ford) is recalling certain 2023-2024 F-250, F-350, and F-450 vehicles. Water may enter the Tailgate Park Assist Sensor Interface Module (TPASIM) and cause the rearview camera image to display intermittently or appear blue or black.

**Consequence:**

A rearview camera image that does not display can decrease the driver's visibility, increasing the risk of injury or crash.

**Remedy:**

Dealers will replace the tailgate top camera, wire harness, TPASIM module, and update the Image Processing Module A (IPMA) software, free of charge. Owner notification letters are expected to be mailed December 9, 2024. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 24S66.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go to [nhtsa.gov](https://www.nhtsa.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Ford Motor Company's contact for this recall will be Dusty Gardner who may be reached by email at [dusty.gardner@dot.gov](mailto:dusty.gardner@dot.gov). We look forward to working with you.

Sincerely,
