**Mfr's Report Date:** December 12, 2024

**NHTSA Campaign Number:** 24V-926

**Components:**

ENGINE AND ENGINE COOLING:COOLING SYSTEM:RADIATOR ASSEMBLY  
FUEL SYSTEM, GASOLINE  
STRUCTURE:FRAME AND MEMBERS

**Potential Number of Units Affected:** 631

**Problem Description:**

Chrysler (FCA US, LLC) is recalling certain 2024 Jeep Grand Cherokee and Grand Cherokee L vehicles. The radiator crossmember bolts may not be properly secured, which can lead to improper air bag deployments and a fuel leak during a crash. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) numbers 208, "Occupant Crash Protection" and 301, "Fuel System Integrity."

**Consequence:**

An improper air bag deployment can increase the risk of injury. A fuel leak can increase the risk of a fire.

**Remedy:**

Dealers will inspect and secure the crossmember bolts as necessary, free of charge. Owner notification letters are expected to be mailed January 9, 2025. Owners may contact FCA customer service at 1-800-853-1403. FCA's number for this recall is D1B.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153) or go to [nhtsa.gov](https://www.nhtsa.gov).

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
