# Part 573 Safety Recall Report

Manufacturer Name :Rivian Automotive, LLCSubmission Date :JUN 05, 2024NHTSA Recall No. :24V-408Manufacturer Recall No. :FSAM-1464

### Manufacturer Information :

Manufacturer Name : Rivian Automotive, LLC Address : 13250 North Haggerty Road PLYMOUTH MI 48170 Company phone : 999

### Vehicle Information :

Vehicle 1:       2022-2024 Rivian R1T         Vehicle Type:       LIGHT VEHICLES         Body Style:       PICKUP TRUCK         Power Train:       NR         Descriptive Information:       The recall population includes certain Model Year 2022, 2023, and 2024 R1T and R1S vehicles that may have been serviced in such a way that the upper B pillar trim panel on R1Ts, and upper B and/or C pillar trim panel on R1Ss does not meet current production specifications. The suspect period began on October 20, 2021, when Rivian started to service vehicles incorrectly and ended on May 31, 2024, when Rivian stopped servicing vehicles incorrectly. That population was determined using manufacturing records.         Similar R1T vehicles not included in this recall have never had upper B pillar trim service conducted; similar R1S vehicles not included in this recall have never had upper B and/or C pillar trim panel service, were confirmed to have had the part(s) correctly replaced during that service.         Production Dates :       AUG 13, 2021 - APR 02, 2024         VIN Range 1 : Begin :       NR       End :       NR       Int sequential

**Involved Components :** 

The information contained in this report was submitted pursuant to 49 CFR §573

## **Part 573 Safety Recall Report**

24V-408

Component Name 1 : PANEL - B-PILLAR, PANEL - C-PILLAR; Component Description : UPR LH, UPR RH

Component Part Number : PT00427868, PT00427866, PT00003438, PT00003439

### **Supplier Identification :**

#### **Component Manufacturer**

Name : NR Address : NR NR Country : NR

### Chronology :

On April 18, 2024, the Rivian Field Performance Engineering team was made aware that upper B and/or C trim pillar panels were potentially being reused, instead of replaced, during service and an investigation began.

From April 18, 2024, to May 30, 2024, Rivian conducted the investigation and identified the potentially affected vehicles.

On May 30, 2024, Rivian, out of an abundance of caution, determined that a safety-related defect may exist related to this matter.

As of the date of this filing, Rivian is not aware of any accidents, injuries, warranty claims, or field reports related to this issue in any market.

The information contained in this report was submitted pursuant to 49 CFR \$573

### **Description of Remedy :**

Description of Remedy Program :	Rivian will remove the potentially affected pillar trim panel(s) and replace them with new parts.		
	Rivian is committed to reimbursing owners for previous out-of-pocket repairs according to the plan submitted to the agency on May 10, 2022; however, systems affected by this recall are covered under Rivian's new vehicle limited warranties. Rivian only began releasing vehicles to customers at the end of 2021. As no owners of these vehicles would have reached the end of the warranty period and therefore not incurred expenses for the warranted repair as a result of this condition, no notification regarding reimbursement under section 577.11 is necessary.		
	Rivian has a policy and practice of reimbursing owners who have paid for a repair that subsequently becomes the subject of a field action. To ensure consistency, Rivian, as part of the owner letter, will request that customers send the original receipt and/or other adequate proof of payment to the company for confirmation of the expense.		
	The remedy component will be a brand-new pillar trim panel that has not potentially been damaged by reuse.		
Identify How/When Recall Condition was Corrected in Production :	NR		
Recall Schedule :			
Description of Recall Schedule :	We will mail notifications on or before July 26, 2024. As a direct-to consumer manufacturer, Rivian owns and operates all of the Company's sales and service operations. As all "dealers" are Rivian owned entities, notification will be through internal means to our licensed store and service operations addressing this recall on or before		

Planned Dealer Notification Date :JUL 26, 2024 - JUL 26, 2024Planned Owner Notification Date :JUL 26, 2024 - JUL 26, 2024
