SAFETY RECALL UPDATE

NHTSA Recall 24T-001

DATE: July 1, 2024

Dear AMP Tire dealers and distributors,

We are notifying customers of the availability of the remedy for safety recall 24T-001. The Wheel Group has decided that all sizes of AMP Terrain Pro A/T, AMP Terrain Attack A/T, AMP Terrain Attack R/T, and AMP Mud Terrain Tires marked with the Alpine Symbol fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 139, "New Pneumatic Radial Tires for Light Vehicles. "We are offering to remove the Alpine Symbols to correct the mislabeling as well as offering a free oil change and \$20 per tire in the interest of customer satisfaction. This service will be performed through local Jiffy Lube locations. The Wheel Group is also offering an AMP tire destruction and reimbursement option. If you are contacted by an owner, please ask them to contact The Wheel Group CUSTOMER SUPPORT at 1-888-770-7085 or visit

www.RecallRTR.com/AMPTIRE.

We are committed to providing safe and high-performing AMP tires. Thank you for your support for AMP tires.

Best Regards,

Dave Albert
