

IMPORTANT SAFETY RECALL

NHTSA Recall No. 24V067

February 7, 2024

Unit VIN:

Model: 160 FK

Serial:

Dear Dealer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Certain 2024 model year, Trail Boss model 160FK, manufactured by Gulf Stream Coach, Inc. ("Gulfstream") do not conform to 49 CFR Part 567 – Certification and Federal Motor Vehicle Safety Standard 110 – "Tire Selection."

Problem Description: Incorrect Federal Certification Labels identify the tires as being ST225/75R15D LRD. The correct Federal Certification Label identifies the tires as being ST235/75R15 LRD

Consequence:

The potential for improper inflation of the current tires exists if a trailer is labeled incorrectly. There is a potential risk of over inflation which could result in reduced traction and performance of the tires as well as cause uneven tire wear potentially resulting in poor handling and an increased risk of crash.

Remedy:

A replacement label is enclosed to replace the original label. To install, make sure the original label is removed from the vehicle, the area where the original label was installed should be clean and dry to promote adequate adhesion of the new replacement label. Remove the label backer exposing the adhesive backed label and put in place with applied pressure.

Once the label is installed, inspections and repairs are complete, please complete and return the enclosed postcard that is pre-stamped and addressed for your convenience.

Dealer Campaign Responsibility:

Our records indicate the vehicle identified above is still in your possession. Federal Law requires that this unit be repaired prior to delivery to a retail customer. Therefore, the vehicle must be held and repaired per the service procedure of this Recall campaign before an owner takes possession.

If the vehicle covered by this Safety Recall Notice is no longer in inventory, please provide the contact information for the new owner: 1-800-289-8787 ext. 3029, recalls@gulfstreamcoach.com or complete and return the enclosed prepaid postcard.

Federal Regulations require any lessor receiving this letter to forward it to the lessee within 10 days.

If after having attempted to take advantage of this recall you believe that the service and repair that you have received through Gulf Stream Coach is unsatisfactory you may submit a complaint to the Administrator, National Highway Traffic Safety Administration 1200 New Jersey Avenue SE, Washington, DC 20590, or call the Vehicle Safety Hotline (888) 327-4236, 800-424-9153 or go to <http://www.safercar.gov>.

For any questions regarding this Recall, please contact 1-800-289-8787 ext. 3029 or recalls@gulfstreamcoach.com. We apologize for any inconvenience this may cause, but your safety is our first concern.

Sincerely,
Gulf Stream Coach, Inc.

IMPORTANT SAFETY RECALL

NHTSA Recall No. 24V067

February 7, 2024

Unit VIN: [REDACTED]

Model: 160FK

Serial: [REDACTED]

Dear Dealer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Certain 2024 model year, Trail Boss model 160FK, manufactured by Gulf Stream Coach, Inc. ("Gulfstream") do not conform to 49 CFR Part 567 – Certification and Federal Motor Vehicle Safety Standard 110 – "Tire Selection."

Problem Description: Incorrect Federal Certification Labels identify the tires as being ST225/75R15D LRD. The correct Federal Certification Label identifies the tires as being ST235/75R15 LRD

Consequence:

The potential for improper inflation of the current tires exists if a trailer is labeled incorrectly. There is a potential risk of over inflation which could result in reduced traction and performance of the tires as well as cause uneven tire wear potentially resulting in poor handling and an increased risk of crash.

Remedy:

A replacement label is enclosed to replace the original label. To install, make sure the original label is removed from the vehicle, the area where the original label was installed should be clean and dry to promote adequate adhesion of the new replacement label. Remove the label backer exposing the adhesive backed label and put in place with applied pressure.

Once the label is installed, inspections and repairs are complete, please complete and return the enclosed postcard that is pre-stamped and addressed for your convenience.

Dealer Campaign Responsibility:

Our records indicate the vehicle identified above is still in your possession. Federal Law requires that this unit be repaired prior to delivery to a retail customer. Therefore, the vehicle must be held and repaired per the service procedure of this Recall campaign before an owner takes possession.
