Safety Recall I-24-03

Indian Motorcycle has determined that some Model Year 2019-2020 and 2022 FTR, Model Year 2020-2022 Challenger and Model Year 2022 Pursuit motorcycles, equipped with a specific Anti-Lock Brake System (ABS) module may experience inadvertent brake light illumination, which increases the risk of a crash and serious injury. This can occur without rider input during certain limited riding conditions when a momentary loss of wheel contact with the ground occurs.

Indian Motorcycle has released this Safety Recall to update the ABS module with new software.

What Dealers Should Do?

As of February 08, 2024, **YOU MUST NOT SELL OR DELIVER** any **NEW OR USED Model Year 2019-2020 and 2022 FTR, Model Year 2020-2022 Challenger and Model Year 2022 Pursuit motorcycles** affected by this **Stop Sale** until it is repaired according to the **Safety Recall**.

Dealers are required to review their sales records and make arrangements with customers for Recall completion. In addition to consumer units, dealers are required to correct any affected units in their inventory.

Affected Units

2019–2020 and 2022 FTR
2020–2022 Challenger
2022 Pursuit

Reference Unit Inquiry on the dealer website or the Service Communications list on the STOP site to look up affected units.

Please contact Indian Motorcycle Service by phone at 877-204-3697 or through Ask Polaris with any questions or concerns.

Thank you for your cooperation in this matter.

Sincerely,

- Indian Motorcycle Service
