

## IMPORTANT SAFETY RECALL

**This notice applies to your vehicle, VIN: See attached listing**

**NHTSA Recall No. 24V-074**

Dear Dealer,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

EIDorado National California, Inc. (“EIDorado”) has decided that a defect which relates to motor vehicle safety exists in certain EIDorado Arrivo and XHF manufactured from May 7<sup>th</sup>, 2012, to November 15<sup>th</sup>, 2023, and equipped with the Ricon Threshold Warning System (TWS) kit sensory assembly used with Ricon Baylifts and Mirage wheelchair lifts.

### **Why is a recall being conducted?**

The Ricon wheelchair lift TWS visual warning flashing beacon does not meet the minimum light intensity requirements as stated in FMVSS 403. If the beacon does not display the minimum required light intensity, it could be less visible to users located near an out of position platform lift and may increase the risk of injury.

### **What are we doing about the problem?**

Ricon has notified EIDorado that they will conduct the repair to correct this condition. These repairs will be offered to you free of charge. Ricon is conducting this recall under 23E-091.

### **What should you do?**

Contact Ricon directly by emailing Ricon’s recall coordinator at [Admin23E091@wabtec.com](mailto:Admin23E091@wabtec.com) or locate the nearest Ricon servicing dealer using the locator on the Ricon website – [www.riconcorp.com](http://www.riconcorp.com).

Please mention Recall No. 23E-091. After the repairs are complete, please fill in the appropriate information on the enclosed Owner Response card, sign it, and return the card to us.
