NHTSA Safety Recall 24V-171

March 08, 2024

Reason For This Recall

Winnebago Motorhomes has decided that a defect related to motor vehicle safety exists on certain Winnebago Motorhomes.

Models Affected:	Model Description	Model Years
	Solis	2024

Certain Winnebago Solis motorhomes were built with a standard outlet in the lavatory area that should have been GFCI protected.

Under certain conditions, lack of proper circuit protection can result in electrical shock.

Service Action

Winnebago will conduct a voluntary safety recall to address the incorrect receptacle, however the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

In the interim, all systems in the coach can be functionally demonstrated.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

Notice

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!
